ZAR60 000 000 000 Structured Note Programme

On 30 November 2001 The Standard Bank of South Africa Limited (the **Issuer**) established a ZAR10 000 000 000 Credit Linked Note Programme (the **CLN Programme**) pursuant to a programme memorandum dated 30 November 2001 (the **CLN Programme Memorandum**). On 15 August 2006 the aggregate nominal amount of the CLN Programme was increased to ZAR20 000 000 000 and on 25 February 2008 the aggregate nominal amount of the CLN Programme was increased to ZAR40 000 000 000. As at 1 February 2012 the Issuer renamed the CLN Programme as the Structured Note Programme (the **Programme**) and amended and restated the CLN Programme Memorandum. On 18 February 2013 the Programme Amount of the Programme was increased to ZAR60,000,000,000. This Programme Memorandum (the **Programme Memorandum**) will apply to all Notes issued under the Programme on or after the date hereof (the **Programme Date**) and will in respect of such Notes supersede and replace the all prior programme memoranda in their entirety. Notes issued under the Programme on or after the Programme Date are subject to the provisions described herein. This Programme Memorandum does not affect any Notes issued before the Programme Date and the relevant prior programme memoranda will continue to apply to such Notes, as applicable.

Capitalised terms used in this Programme Memorandum are defined in the section of this Programme Memorandum headed "*Terms and Conditions of the Notes*" (the **Terms and Conditions**), unless separately defined, and/or in relation to a Tranche of Notes, in the Applicable Pricing Supplement.

Under this Programme the Issuer may from time to time issue, without limitation, Fixed Rate Notes, Floating Rate Notes, Mixed Rate Notes, Zero Coupon Notes, Credit Linked Notes and/or FX Linked Notes and/or such combination of the foregoing Notes and/or such other type of Notes as may be determined by the Issuer and the relevant Dealer(s) and specified in the Applicable Pricing Supplement. Notes will be issued in individual Tranches which, together with other Tranches, may form a Series of Notes. A Tranche of Notes will be issued on, and subject to, the Terms and Conditions, as replaced, amended and/or supplemented by the terms and conditions of that Tranche of Notes set out in the Applicable Pricing Supplement. Save as set out herein, the Notes will not be subject to any minimum or maximum maturity and the maximum aggregate Nominal Amount of all Notes from time to time outstanding will not exceed ZAR60 000 000 000.

This Programme Memorandum has been approved by the JSE. A Tranche of Notes may be listed on the JSE or on such other or additional Financial Exchange(s) as may be selected by the Issuer and the relevant Dealer (as defined below), subject to all Applicable Laws. Unlisted Notes may also be issued under the Programme. Unlisted Notes are not regulated by the JSE. The Applicable Pricing Supplement relating to a Tranche of Notes which is to be listed on the JSE will specify the relevant platform or sub-market of the JSE on which such Tranche of Notes is to be listed and will be delivered to the JSE and the Central Depository, before the Issue Date. A Tranche of Notes listed on the JSE may be traded by or through members of the JSE from the date specified in the Applicable Pricing Supplement, in accordance with the Applicable Procedures. The settlement of trades on the JSE will take place in accordance with the electronic settlement procedures of the JSE and the Central Depository for all trades done through the JSE. The placement of a Tranche of unlisted Notes may (at the sole discretion of the Issuer) be reported through the JSE reporting system, in which event the settlement of trades in such Notes will take place in accordance with the electronic settlement procedures of the JSE and the Central Depository. The settlement and redemption procedures for a Tranche of Notes listed on any Financial Exchange (other than or in addition to the JSE) will be specified in the Applicable Pricing Supplement.

If the Notes are Credit Linked Notes they are issued subject to the condition that upon the occurrence of a Credit Event, the Issuer may, subject to certain conditions, redeem the Notes by payment of money (in an amount equal to the Cash Settlement Amount referred to in the Applicable Pricing Supplement) or, if so provided, by the Delivery of Deliverable Obligations comprising the Entitlement (referred to in the Applicable Pricing Supplement) or, if so provided, partly in money and partly in Deliverable Obligations. The Cash Settlement Amount or the value of the Deliverable Obligations may be less than the Nominal Amount of the Notes or zero.

As at the **Programme Date**, the Notes to be issued under this Programme are not rated by any rating agency. From time to time the Notes issued under this Programme may be individually rated. The rating assigned to the Issuer and/or the Programme and/or the Notes, as the case may be, as well as the rating agency(ies) which assigned such rating(s), will be specified in the Applicable Pricing Supplement and made available on the Issuer's website at www.standardbank.co.za. Any change in the rating assigned to the Issuer and/or the Programme and/or the Notes, as the case may be, will be disclosed on SENS in accordance with the debt listing requirements of the JSE. The Issuer may issue Notes in a form not contemplated by the Terms and Conditions of the Notes herein, in which event a supplementary Programme Memorandum, if appropriate, will be made available, which will describe the effect of the agreement reached in relation to such Notes.

GENERAL DESCRIPTION OF THE PROGRAMME

Capitalised terms used in this section headed "General Description of the Programme" shall have the same meaning as defined in the Terms and Conditions, unless they are defined in this section or this is clearly inappropriate from the context.

Under the Programme, the Issuer may from time to time issue Notes denominated in the currency specified in the Applicable Pricing Supplement. The applicable terms of any Notes will be set out in the Terms and Conditions incorporated by reference into the Notes, as modified and supplemented by the Applicable Pricing Supplement relating to the Notes and any supplementary Programme Memorandum. A summary of the Programme and the Terms and Conditions appears in the section of this Programme Memorandum headed "*Summary of the Programme*".

As at the Programme Date, the Programme Amount is ZAR60 000 000 000 (or its equivalent in such other currency or currencies as Notes are issued). This Programme Memorandum will only apply to Notes issued under the Programme in an aggregate Nominal Amount Outstanding which does not exceed the Programme Amount, unless such amount is increased as set out below. For the purpose of calculating the aggregate Nominal Amount of Notes Outstanding issued under the Programme from time to time:

- (a) the ZAR equivalent of Notes denominated in another currency shall be determined at or about the time of the issue of such Notes on the basis of the spot rate at such time for the sale of such ZAR amount against the purchase of such currency or unit of account in the Johannesburg inter-bank foreign exchange markets, as quoted by the Issuer or by any leading bank selected by the Issuer;
- (b) the amount of Indexed Notes and Partly Paid Notes shall be calculated by reference to the original nominal amount of such Notes (and, in the case of Partly Paid Notes, regardless of the subscription price paid); and
- (c) the amount of Zero Coupon Notes and Other Notes issued at a discount or premium shall be calculated by reference to the Nominal Amount of the relevant issue.

From time to time, the Issuer may wish to increase the Programme Amount. Subject to the Applicable Procedures, the Programme Agreement and all Applicable Laws, the Issuer may, without the consent of Noteholders, increase the Programme Amount by delivering notice thereof to (i) the Debt Sponsor, (ii) Noteholders, (iii) the relevant Financial Exchange(s), (iv) the Transfer, Paying and Calculation Agents, and (v) the Arranger in accordance with the applicable procedures. Upon such notices being given, all references in the Programme Memorandum or any other agreement, deed or document in relation to the Programme, to the Programme Amount, shall be, and shall be deemed to be, references to the increased Programme Amount.

To the extent that Notes may be listed on the JSE, the JSE's approval of the listing of any Notes is not to be taken in any way as an indication of the merits of the Issuer or the Notes. The JSE has not verified the accuracy and truth of the contents of the Programme and to the extent permitted by law, the JSE will not be liable for any claim of whatsoever kind.

Claims against the BESA Guarantee Fund Trust and/or the JSE Guarantee Fund, as the case may be, may only be made in respect of trading in Notes listed on the JSE and in accordance with the rules of the BESA Guarantee Fund Trust and/or the JSE Guarantee Fund, as the case may be. Unlisted Notes are not regulated by the JSE.

Terms and Conditions	The Terms and Conditions of the Notes are set out in the section of this Programme Memorandum headed " <i>Terms and Conditions of the Notes</i> ".
Withholding Tax	As at the Programme Date all payments in respect of the Notes will be made without withholding or deduction for or on account of taxes levied in South Africa. In the event that certain withholding tax or such other deduction is required by Applicable Law, then the Issuer will, subject to the Issuer's rights to redeem Notes following a Tax Event and/or Increased Cost Event and/or Change in Law pursuant to Condition 7.2 (<i>Redemption following the occurrence of a Tax Event and/or Increased Cost Event and/or Change in Law</i>) (and subject to certain exceptions as provided in Condition 9 (<i>Taxation</i>) of the Terms and Conditions), pay such additional amounts as shall be necessary in order that the net amounts received by the Noteholders after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes in the absence of such withholding or deduction.

FORM OF THE NOTES

The Notes of each Series will be in either bearer form, with or without interest coupons attached, or registered form, without interest coupons attached, or in the form of Order Notes.

Bearer Notes

Bearer Notes represented by a Global Certificate held on behalf of Euroclear and Clearstream, Luxembourg

In the case of each Tranche of Bearer Notes, the relevant Pricing Supplement will also specify whether:

- (i) United States Treasury Regulation §1.163-5(c)(2)(i)(C) (referred to as the “TEFRA C” rules) are applicable in relation to the Notes , by specifying “TEFRA C”;
- (ii) United States Treasury Regulation §1.163-5(c)(2)(i)(D) (referred to as the “TEFRA D” rules) are applicable in relation to the Notes , by specifying “TEFRA D”; or
- (iii) neither the TEFRA C rules nor the TEFRA D rules are applicable, by specifying “TEFRA not applicable”, which will be applicable if the Notes do not have a maturity of more than 365 days.

If the Applicable Pricing Supplement specifies that the Notes are Bearer Notes represented by a Global Certificate held on behalf of Euroclear and Clearstream, Luxembourg, each Tranche of Bearer Notes will be initially issued in the form of a temporary global certificate (a **Temporary Bearer Global Certificate**) or, if so specified in the Applicable Pricing Supplement, a permanent global certificate (a **Permanent Bearer Global Certificate**, and together with a Temporary Bearer Global Certificate, each a **Bearer Global Certificate**).

Whilst any Bearer Note is represented by a Temporary Bearer Global Certificate, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Bearer Global Certificate are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Transfer Agent and the Paying Agent.

On and after the date (the **Exchange Date**) which is 40 (forty) days after a Temporary Bearer Global Certificate is issued, interests in such Temporary Bearer Global Certificate will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Bearer Global Certificate of the same Series or (b) for Bearer Notes represented by Individual Certificates of the same Series with, where applicable, Receipts and Coupons attached (if specified in the Applicable Pricing Supplement) and subject, in the case of Bearer Notes represented by Individual Certificates, to such notice period as is specified in the Applicable Pricing Supplement, in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Bearer Global Certificate will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Certificate for an interest in a Permanent Bearer Global Certificate or for Bearer Notes represented by Individual Certificates is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Certificate will be made through Euroclear and/or Clearstream, Luxembourg without any requirement for certification.

The Applicable Pricing Supplement will specify that a Permanent Bearer Global Certificate will be exchangeable (free of charge), in whole but not in part, for Bearer Notes represented by Individual Certificates with, where applicable, receipts, and coupons attached upon (a) not less than 60 (sixty) days' written notice given at any time from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Certificate) to the Transfer Agent as described therein or (b) only upon the occurrence of an Exchange Event or (c) at any time at the request of the Issuer. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in Condition 11 (*Events of Default*)) has occurred and is continuing, or (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 (fourteen) days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available. The Issuer will promptly give notice to Noteholders in accordance with Condition 16 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or the common depository on their behalf (acting on the instructions of any holder of an interest in such Permanent Bearer Global Certificate) may give notice to the Transfer Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Transfer Agent requesting exchange. Any such exchange shall occur not later than 45 (forty five) days after the date of receipt of the first relevant notice by the Transfer Agent.

The following legend will appear on all Bearer Notes which have an original maturity of more than 365 days and on all receipts and interest coupons relating to such Notes:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Notes which are represented by a Bearer_Global Certificate will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Bearer Notes represented by Individual Certificates

All Bearer Notes issued in certificated form which are not represented by a Global Certificate will be represented by Individual Certificates. Bearer Notes, other than Zero Coupon Notes, may have Coupons (as indicated in the Applicable Pricing Supplement) attached to the Certificate on issue. Instalment Notes which are Bearer Notes may have Receipts (as indicated in the Applicable Pricing Supplement) attached to the Certificate on issue.

Title to Bearer Notes (including rights to Instalment Amounts and/or interest thereon, as applicable) will pass by delivery of the Certificate evidencing such Note or of the Receipt and/or Coupon relating thereto, as the case may be, in accordance with Condition 13.2 (*Transfer of Bearer Notes*). The Issuer, the Transfer Agent and the Paying Agent may deem and treat the Bearer of any such Certificate, Receipt or Coupon as the absolute owner thereof (whether or not overdue and

notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes

Registered Notes

Each Tranche of Notes will be offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States. Prior to the expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of Notes, beneficial interests in a Registered Note represented by a Global Certificate held on behalf of Euroclear and Clearstream, Luxembourg may not be offered or sold to, or for the account or benefit of, a U.S. person and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Global Certificates will bear a legend regarding such restrictions on transfer.

Registered Notes represented by a Global Certificate held in the Central Depository

If the Applicable Pricing Supplement specifies that the Notes are Registered Notes held in the Central Depository, the CSD's Nominee will be named in the Register as the registered holder of that Tranche of Notes. Each Global Certificate will be physically deposited with and lodged in the Central Depository

Payments of principal, interest and any other amount in respect of the Registered Notes represented by a Global Certificate held in the Central Depository will be made to the CSD's Nominee as the person shown in the Register as the registered holder of such Registered Notes. None of the Issuer, the Paying Agent or the Transfer Agent will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the relevant Global Certificate or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

A Beneficial Interest in a Global Certificate held in the Central Depository may only be exchanged for Individual Certificates in accordance with the provisions of Condition 12.1 (*Exchange of Beneficial Interests*).

Registered Notes represented by a Global Certificate held on behalf of Euroclear and Clearstream, Luxembourg

If the Applicable Pricing Supplement specifies that the Notes are Registered Notes represented by a Global Certificate held on behalf of Euroclear and Clearstream, Luxembourg, a Global Certificate representing such Registered Notes will be deposited with a common depository for Euroclear and Clearstream, Luxembourg, and registered in the name of a common nominee of Euroclear and Clearstream, Luxembourg. Persons holding beneficial interests in such Global Certificates will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Individual Certificates in fully registered form.

Payments of principal, interest and any other amount in respect of the Registered Notes represented by a Global Certificate held on behalf of Euroclear and Clearstream, Luxembourg will, in the absence of provision to the contrary, be made to the persons shown on the Register as the registered holder of such Notes. None of the Issuer, the Paying Agent or the Transfer Agent will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the relevant Global Certificate or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Interests in a Registered Global Certificate will be exchangeable (free of charge), in whole but not in part, for Registered Notes represented by Individual Certificates without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, **Exchange**

Event means that (i) an Event of Default has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 (fourteen) days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the relevant Global Certificate instead represented by Individual Certificates. The Issuer will promptly give notice to Noteholders in accordance with Condition 16 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or any person acting on their behalf (acting on the instructions of any holder of an interest in such Registered Global Certificate) may give notice to the Transfer Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Transfer Agent requesting exchange. Any such exchange shall occur not later than 10 (ten) days after the date of receipt of the first relevant notice by the Transfer Agent.

Registered Notes represented by Individual Certificates

All Registered Notes issued in certificated form which are not represented by a Global Certificate will be represented by Individual Certificates.

Payments of principal, interest or any other amount in respect of Registered Notes represented by Individual Certificates will, in the absence of provision to the contrary, be made to the persons named in the Register as the registered Noteholder of such Notes.

Order Notes

Order Notes will be issued in certificated form and will be evidenced by Individual Certificates. Order Notes, other than Zero Coupon Notes, may have Coupons (as indicated in the Applicable Pricing Supplement) attached to the Certificate on issue. Instalment Notes which are Order Notes may have Receipts (as indicated in the Applicable Pricing Supplement) attached to the Certificate on issue.

Payments in respect of Order Notes will be made to the Payee only following presentation and surrender by the Payee or its Representative of the relevant Coupon or (in respect of interest bearing Order Notes issued without Coupons) only against presentation by the Payee or its Representative of the relevant Certificate or the relevant Receipt to the Paying Agent at its Specified Office. Payments of the final instalment of principal in respect of Order Notes which are Instalment Notes, or of the principal of all other Order Notes, will be made to the Payee only following presentation and surrender by the Payee or its Representative of the Certificate evidencing such Order Notes.

Order Notes (including rights to Instalment Amounts and/or interest thereon, as applicable) may be transferred by the Endorsement of the Certificate evidencing such Order Note or Receipt or Coupon relating thereto, as the case may be, by the old Payee and the delivery of such Certificate, Receipt or Coupon to the new Payee. Any Certificate evidencing an Order Note or such Receipt or Coupon upon which the last Endorsement is an Endorsement in Blank shall be treated as a Bearer Note, for so long as not subject to further Endorsement. The Issuer, the Transfer Agent and the Paying Agent may deem and treat the Person who from the face of the Certificate, Receipt or Coupon relating to an Order Note appears to be the Payee thereto as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or notice of any previous loss or theft thereof) for all purposes and payment to such Person or their Representative shall discharge the Issuer from all liability to the Payee in relation to such Certificate, Receipt or Coupon, as the case may be, even if such Endorsement has been forged or made without authority. Provided the Issuer pays any amount due upon presentation and surrender of a Certificate evidencing an Order Note, or any Receipt or Coupon attached thereto on issue, in good faith, it shall not be incumbent upon the Issuer or the

Transfer Agent to determine or prove that the Endorsement of the Payee making such Endorsement was made by or under the authority of the Person whose Endorsement it purports to be.

Transfers of Interests

Interests in a Registered Global Certificate (whether or not held in the Central Depository or held on behalf of Euroclear and Clearstream, Luxembourg) may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Certificate. No beneficial owner of an interest in such Global Certificates will be able to transfer such interest, except in accordance with the Applicable Procedures of the Central Depository, Euroclear and Clearstream, Luxembourg, as applicable. Registered Notes are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

General

Pursuant to the Agency Agreement, the Transfer Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the Applicable Pricing Supplement or as may otherwise be approved by the Issuer and the Transfer Agent.

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 11 (*Events of Default*). In such circumstances, where any Note is still represented by a Global Certificate held on behalf of Euroclear and/or Clearstream, Luxembourg and that Global Certificate (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Certificate then from 8.00 p.m. (Johannesburg time) on such day holders of interests in such Global Certificate credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg on and subject to the terms of an issuer undertaking (the **Issuer Undertaking**) dated 01 January 2017 and executed by the Issuer (such Issuer Undertaking to be made available to the relevant account holder of Euroclear and/or Clearstream, Luxembourg in accordance with the provisions of such Issuer Undertaking).

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event, a new offering circular or a supplement to the Programme Memorandum, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

RISK FACTORS

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it, or which it may not currently be able to anticipate. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. Accordingly, the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Programme Memorandum to reach their own views prior to making any investment decision. In addition, factors which are material for the purpose of assessing the market risks associated with the Notes are also described below.

The information given below is as at the date of this Programme Memorandum. Capitalised terms used in this section headed “*Risk Factors*” shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or this is clearly inappropriate from the context.

INDEPENDENT REVIEW AND ADVICE

Each purchaser of and investor in the Notes is fully responsible for making its own investment decisions as to whether the Notes (i) are fully consistent with its (or if it is acquiring the Notes in a fiduciary capacity, the beneficiary's) financial needs, objectives and conditions, (ii) comply and are fully consistent with all investment policies, guidelines and restrictions applicable to it (or its beneficiary) and (iii) are a fit, proper and suitable investment for it (or its beneficiary).

Purchasers of and investors in Notes are deemed to have sufficient knowledge, experience and professional advice to make their own investment decisions, including, without limitation, their own legal, financial, tax, accounting, credit, regulatory and other business evaluation of the risks and merits of or associated with investments in the Notes. Purchasers of and investors in Notes should ensure that they fully understand the risks of or associated with investments of this nature which are intended to be sold only to sophisticated investors having such knowledge, appreciation and understanding. Purchasers of and investors in Credit Linked Notes are solely responsible for making their own independent appraisal of and investigation into the business, financial condition, prospects, creditworthiness, status and affairs of any Reference Entity and its Obligations, Underlying Obligations, Underlying Obligors, Reference Obligations and Deliverable Obligations.

Purchasers of and investors in Credit Linked Notes should be aware that none of the Programme Parties has any duty to conduct or accepts any responsibility for conducting or failing to conduct any investigation into the business, financial condition, prospects, creditworthiness, status and/or affairs of any Reference Entity and its Obligations, Underlying Obligations, Underlying Obligors, Reference Obligations and Deliverable Obligations. Purchasers of and investors in the Notes may not rely on the views, opinions or advice of the Issuer for any information in relation to any person other than the Issuer itself.

RISKS RELATING TO THE ISSUER

Reliance on Creditworthiness of the Issuer

The Notes comprise debt obligations of the Issuer and, consequently Noteholders are relying on the creditworthiness of the Issuer. The Notes will not be secured in any way, unless otherwise specified in the Applicable Pricing Supplement. In the case of Credit Linked Notes, this is in addition to

relying on the creditworthiness of the Reference Entities referred to in the Applicable Pricing Supplement.

Conflict of Interest

The Issuer is acting in a number of capacities. The Issuer will, unless otherwise specified in the Applicable Pricing Supplement, act as Transfer Agent and as Calculation Agent, and will be responsible for determining whether a Credit Event has occurred in the case of Credit Linked Notes, calculating the payments to be made in respect of the Notes and determining the dates of such payments in accordance with the terms and conditions of the Notes. The Issuer may also deal in the Notes.

The Issuer may have business or other relationships with Reference Entities in respect of Credit Linked Notes and may (but shall not be obligated to) hold debt obligations (whether or not constituting Reference Obligations in respect to those Reference Entities) of, or otherwise have credit exposure to those Reference Entities. Nothing herein shall be deemed to restrict or impose any liability, duty or restriction on the Issuer, any of its affiliates or any of its officers or directors, in respect of dealing with or otherwise extending credit to or advising any such Reference Entity or any of its affiliates. Performance of the terms of any Note shall be determined without regard to any credit exposure or actual loss the Issuer or any other person may have incurred with respect to any such Reference Entity.

Political, social and economic risks in South Africa or regionally may have an adverse effect on the Issuer's operations

The Issuer's operations are concentrated in South Africa with the majority of its revenues deriving from operations in South Africa. Operations in this market are subject to various risks which need to be assessed in comparison to jurisdictions elsewhere. These include political, social and economic risks specific to South Africa, such as general economic volatility, recession, inflationary pressure, exchange rate risks and exchange controls, which could affect an investment in the Notes. The existence of such factors may have an impact on South Africa and the results of the Issuer in ways that cannot be predicted. South Africa's credit rating has been downgraded by rating agencies which cite labour unrest and uncertain policy decisions in key sectors of the economy as negatively impacting investor confidence. Other key risks the South African economy faces are contracting demand from developed economies, lower commodity prices and a reduction in local demand as a result of higher utility prices and indirect taxes.

Financial Conditions

The global economy remains fragile after many recovery and stimulus attempts since the start of the global economic crisis in 2008. No assurance can be given that a further economic downturn or financial crisis will not occur, or that the Issuer would be able to sustain its current performance levels if such events or circumstances affecting the South African economy were to occur. The domestic market has shown limited signs of recovery. The Issuer expects the trend of slow economic growth to continue. The volatility of the South African Rand is generally viewed as having a negative impact on both domestic and foreign investment. **A downgrade in the Issuer's credit ratings or the credit rating of South Africa could have an adverse effect on the Issuer's access to liquidity sources and funding costs**

As of the date of this Programme Memorandum, the Issuer's short and long-term foreign currency deposit rating was assessed by Moody's Investors Service Cyprus Limited as P-2 and Baa2, respectively, with a stable outlook and the Issuer's short and long-term foreign currency Issuer default rating was assessed by Fitch Ratings Limited as F3 and BBB, respectively, with a negative outlook. A

downgrade of the Issuer's credit ratings, or being placed on a negative ratings watch, may increase its cost of borrowing, limit its ability to raise capital and adversely affect its results of operations.

A downgrade or potential downgrade of the South African sovereign rating or a change in rating agency methodologies relating to systemic support provided by the South African sovereign could also negatively affect the perception by rating agencies of the Issuer's rating. There can also be no assurance that the rating agencies will maintain the Issuer's current ratings or outlooks or those of South Africa.

RISKS RELATING TO THE NOTES

The Notes may not be a suitable investment for all investors

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Programme Memorandum or any applicable supplement; (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact such an investment will have on its overall investment portfolio; (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency; (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Limited Liquidity

There can be no assurance that any secondary market for any of the Notes will develop, or if a secondary market does develop, that it will provide the holders of the Notes with liquidity of investment or that it will continue for the life of such Notes. It will also not be possible to redeem the Notes prior to their Maturity Date except in the limited circumstances referred to in the General Terms and Conditions of the Notes. Consequently, a purchaser of Notes must be prepared to hold the Notes at least until their Maturity Date.

Exchange rate risks

The Issuer will pay principal and interest on the Notes in the Payment Currency (as defined in the Applicable Pricing Supplement). This presents certain risks relating to currency conversions if (i) the underlying investments and/or hedges are expressed to be denominated in a currency other than the Payment Currency (the **Related Currency**) or (ii) an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Payment Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Payment Currency or revaluation of the Related Currency or the Investor's

Currency) and the risk that authorities with jurisdiction over the Related Currency or the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Related Currency or the Investor's Currency relative to the Payment Currency would decrease (i) the Related Currency or the Investor's Currency-equivalent yield on the Notes, (ii) the Related Currency or the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Related Currency or the Investor's Currency equivalent market value of the Notes. Similarly, the Issuer may be exposed to potential losses if the Payment Currency were to depreciate against key currencies in which the Issuer's revenues are based, which may have an adverse effect on its financial condition and the results of its operations.

U.S Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code (**FATCA**) impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to any non-U.S. financial institution (a foreign financial institution, or FFI (as defined by FATCA)). The new withholding regime will be phased in beginning 1 July 2014 for payments from sources within the United States and will apply to "foreign passthru payments" (a term not yet defined) no earlier than 1 January 2017.

An FFI will be exempt from applying the 30 per cent. withholding tax if it becomes (i) a "registered deemed-compliant FFI" following the conclusion of an intergovernmental agreement to facilitate the implementation of FATCA (an **IGA**) between the United States and that FFI's jurisdiction or (ii) a "Participating FFI", to the extent that recipients of payments of US source income have provided the Participating FFI with the necessary documentation, and are not deemed to be recalcitrant or non-participating FFI's, by entering into a direct agreement with the U.S. Internal Revenue Service (the **IRS**) to provide the IRS with certain information in respect of its account holders and investors.

On 9 June 2014, the United States and South Africa formally concluded "The Agreement between the Government of South Africa and the Government of the United States of America to Improve International Tax Compliance and to Implement FATCA" (the **SA/US IGA**), which has been given force and effect in South African Tax Law, in terms of which FFIs in South Africa will report information about their U.S. account holders to the South African Revenue Service who will in turn relay that information by means of automatic exchange of information to the IRS under the Double Taxation Convention in force between the United States and South Africa.

The Issuer is registered as a "registered deemed-compliant FFI" on the IRS FATCA website. Provided that South Africa complies with its information and reporting obligations under Articles 2 and 3 of the SA/US IGA, the Issuer will be treated as complying with, and not subject to withholding under, section 1471 of the U.S. Internal Revenue Code. The Issuer is however obliged to comply with certain due diligence procedures and reporting requirements applicable to it as a "**Reporting FFI**" or "registered deemed-compliant FFI".

Whilst the Notes are in global form and held within Euroclear Bank S.A./N.V. and Clearstream Banking, *société anonyme* (together, the **ICSDs**), in all but the most remote circumstances, it is not expected that FATCA will affect the amount of any payment received by the ICSDs. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA), provide each custodian or intermediary with any information, forms,

other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. The Issuer's obligations under the Notes are discharged once it has paid the common depositary for the ICSDs (as bearer/registered holder of the Notes) and the Issuer has therefore no responsibility for any amount thereafter transmitted through hands of the ICSDs and custodians or intermediaries and will not gross up for any withholding for or on account of FATCA.

Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them.

Emerging market currencies

Where the Notes are denominated in an emerging market currency or linked to one or more emerging market currencies, the value of such Notes may be significantly more volatile and subject to less certainty as to future rates than if the Notes were linked to currencies of more developed markets. For example, emerging markets' currencies are highly exposed to the risk of a currency crisis happening in the future.

In particular, policies or actions of the governments of the jurisdictions of the Subject Currencies and Base Currencies (the "**Currency Jurisdictions**") could adversely affect the relevant exchange rate(s) (such as through market interventions of their central banks or equivalent bodies; governmental action which changes or interferes with currency valuations or currency fluctuations that would otherwise occur in response to economic forces; and restrictions on foreign investment and currency convertibility or movement across borders). Non-governmental action may also directly or indirectly adversely affect the relevant exchange rates (such as through speculation, weak overall growth and performance of each applicable Currency Jurisdiction's economy and stock exchanges; political, economic and social uncertainty, including risks of nationalisation and expropriation of assets and natural disasters; or wars which affect any Currency Jurisdiction directly or indirectly).

Investors should note that the risk of occurrence and the severity of consequence of the matters described above may be greater with respect to any emerging market jurisdiction than they otherwise would be in relation to more developed countries. Economies in emerging markets are generally more heavily dependent upon international trade, and accordingly, may be affected adversely by trade barriers, foreign exchange controls (including taxes), managed adjustments in relative currency values and other protectionist measures imposed or negotiated with countries with which they trade.

The occurrence of any of the above circumstances may have an adverse effect on the value of the Notes and amounts due or assets deliverable, or the date for payment thereunder.

CREDIT LINKED NOTES

Credit Exposure to Reference Entities

The amount payable under Credit Linked Notes will be dependent in part upon whether or not a Credit Event has occurred. A Credit Event may occur in respect of one or more entities or governmental or other authorities (each a **Reference Entity**) specified in the Applicable Pricing Supplement. If a Credit Event occurs in relation to any Credit Linked Notes, the Issuer will, subject to certain conditions, redeem those Notes by payment of money (in an amount equal to the Cash Settlement Amount) or, if so provided, by the Delivery or Deliverable Obligations comprising the Entitlement or, if so provided, partly in money and partly in Deliverable Obligations. The Cash Settlement Amount or the value of the Deliverable Obligations comprising the Entitlement may be less than the Nominal Amount of the Notes or zero. Accordingly, the Noteholders may be exposed to the credit of the Reference Entities up to the full extent of their investment in the Notes.

Prospective investors in the Credit Linked Notes should be aware that, depending on the terms of the Credit Linked Notes, if a Credit Event occurs, the Notes will cease to bear interest (if any) from (and including) the Interest Period in which the Credit Event Determination Date falls and, as stated above, the amount received or the value of the assets delivered on redemption of the Notes may be materially less than the original investment and in certain circumstances may be zero. This timing for payment of any such amounts or delivery of any such assets, as applicable, may occur at a different time than expected.

The market price of the Credit Linked Notes may be volatile and will be affected by various factors including, but not limited to, the time remaining to the maturity date of the Note, prevailing credit spreads in the market and the creditworthiness of the Reference Entity, which in turn may be affected by the economic, financial, political and other events in one or more jurisdictions.

Prospective investors in the Credit Linked Notes should conduct their own investigation and analysis, including, where applicable, obtaining independent expert advice, with respect to the credit risk of the Reference Entity and the factors that may assist in determining the likelihood of the occurrence of a Credit Event with respect to the Reference Entity, including, but not limited to, general economic conditions, the condition of relevant financial markets, relevant political events and developments or trends in any relevant industries. All such analysis should be conducted in both a South African and foreign context.

Non-Transferability of Deliverable Obligations

The Issuer may in certain circumstances be precluded from transferring Deliverable Obligations to a Noteholder of Credit Linked Notes as a result inter alia of the Exchange Control Regulations, 1961 made pursuant to the Currency and Exchanges Act, 1933 (the **Exchange Control Regulations**).

A Credit Event may occur prior to the Trade Date

Noteholders may suffer a loss of some or all of their principal if a Credit Event occurs prior to the Trade Date or the Issue Date. Neither the Calculation Agent nor the Issuer nor any of their Affiliates has any responsibility to inform any Noteholder, or avoid or mitigate the effects of a Credit Event that has taken place prior to the Trade Date or the Issue Date.

Role of the Credit Derivatives Determinations Committee

Credit Derivative Determinations Committees were established pursuant to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions (published on 12 March 2009) to make determinations that are relevant to the majority of the credit derivatives market and to promote transparency and consistency. In respect of a Credit Event relating to a Credit Linked Note, prospective investors should note that the Credit Derivatives Determinations Committee has the power to make binding decisions on critical issues such as whether a Credit Event has occurred, which obligations are to be valued and whether an auction should take place in accordance with, and as more fully described in the Credit Derivatives Determinations Committees Rules, as published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and as amended from time to time in accordance with the terms thereof. Consequently, the payments on the Notes and the timing of any such payments may be affected by any such relevant decisions if Auction Settlement is specified as the applicable Settlement Method for a series of Notes in the Applicable Pricing Supplement.

Auction Settlement- Auction Final Price

If Auction Settlement is the applicable Settlement Method, the Cash Settlement Amount payable in respect of the Credit Linked Notes will be calculated by reference to the Auction Final Price. The

Auction Final Price will be determined according to the auction procedure set out in the applicable Transaction Auction Settlement Terms. The Issuer, the Calculation Agent or one of their Affiliates may act as a participating bidder in any such auction, and shall be under no obligation to consider the interests of the Noteholders when deciding whether or not to take action. Such participation may have an adverse effect on the Auction Final Price, and the Auction Final Price determined pursuant to an auction (whether or not the Issuer, the Calculation Agent or one of their Affiliates chooses to participate) may be less than the market value that would otherwise have been determined in respect of the relevant Reference Obligation.

Auction Settlement – Local Market Variation

If Auction Settlement is the applicable Settlement Method and Local Market Variation is specified as applicable in the Applicable Pricing Supplement, the terms of the Credit Linked Notes will be different to the standard terms used by the Credit Derivatives Determinations Committee to determine whether or not a Credit Event has occurred. Therefore, the Calculation Agent may determine that a Credit Event has occurred under the terms of the Credit Linked Notes in circumstances where the Credit Derivatives Determinations Committee has not determined that a Credit Event has occurred or has made a DC No Credit Event Announcement (as defined in the Credit Linked Conditions).

In these circumstances, as no auction will be held, the Credit Linked Notes will be settled in accordance with the Fallback Settlement Method specified in the Applicable Pricing Supplement.

Physical Settlement – Obligations of the Noteholder

If Physical Settlement is the applicable Settlement Method, the occurrence of a Credit Event may result in the redemption of a Credit Linked Note in whole or in part by the Delivery of Deliverable Obligations. The Issuer's obligation to Deliver the Deliverable Obligations comprising the Entitlement to the Noteholder is subject to various conditions, including the delivery by the Noteholder to the Issuer of an Asset Transfer Notice and, in certain circumstances, the payment to the Issuer of the Delivery Expenses within the prescribed time limit. If the Noteholder fails to so deliver an Asset Transfer Notice, the Issuer may be discharged from its obligations under the Note. If applicable and a Noteholder fails to so pay Delivery Expenses, the Deliverable Obligations comprising the Entitlement deliverable to such Noteholder will be reduced to reflect such Delivery Expenses.

Physical Settlement – Undeliverable Obligations

If, on the scheduled date for physical delivery of the Entitlement, the Calculation Agent determines that any Deliverable Obligations comprising the Entitlement are Undeliverable Obligations, settlement in respect of the Credit Linked Notes may be delayed until such time as the Issuer can procure the Delivery of the Undeliverable Obligations and, in certain circumstances, the Issuer's obligations to Deliver the Undeliverable Obligations may be replaced by an obligation to pay a cash amount. In each case, the value of the Credit Linked Notes may be affected.

FX LINKED NOTES

Risks relating to FX Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon movements in currency exchange rates or are payable in one or more currencies which may be different from the currency in which the Notes are denominated ("**FX Notes**"). Accordingly an investment in FX Notes may bear similar market risks to a direct foreign exchange investment and potential investors should take advice accordingly.

Potential investors in any such Notes should be aware that, depending on the terms of the FX Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time or in a different currency than expected and (iii) they may lose a substantial portion or all of their investment. In addition, movements in currency exchange rates may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in currency exchange rates, the greater the effect on yield.

The foreign exchange rate(s) to which the Notes are linked will affect the nature and value of the investment return on the Notes. The performance of foreign exchange rates are dependent upon the supply and demand for currencies in the international foreign exchange markets, which are subject to economic factors, including inflation rates in the countries concerned, interest rate differences between the respective countries, economic forecasts, international political factors, currency convertibility and safety of making financial investments in the currency concerned, speculation and measures taken by governments and central banks. Such measures include, without limitation, imposition of regulatory controls or taxes, issuance of a new currency to replace an existing currency, alteration of the exchange rate or exchange characteristics by devaluation or revaluation of a currency or imposition of exchange controls with respect to the exchange or transfer of a specified currency that would affect exchange rates and the availability of a specified currency. Where the Notes are linked to the currency of an emerging market jurisdiction, such risks may be magnified – see also risk factor "*Emerging Market Currencies*" above.

If the amount of principal and/or interest payable are dependent upon movements in currency exchange rates and are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on principal or interest payable will be magnified.

Payments of principal and interest or other obligations of the Issuer in respect of any FX Notes may be restricted or varied upon the occurrence of certain disruption events applicable to the Notes. A relevant disruption event for an exchange rate may relate to inability to obtain a rate of exchange from the applicable price source(s), illiquidity, the split of any relevant exchange rate relating to the relevant currency into a dual exchange rate, inconvertibility, non-transferability, a material change in circumstances in the jurisdiction of the Subject Currency that makes it impossible to fulfil certain hedging arrangements, a nationalisation or variations in the prices quoted for the exchange on different sources being greater than a specified percentage threshold (or not quoted for by members of a survey used to determine such source) if specified for that rate in the terms and conditions of the Notes and/or the Applicable Pricing Supplement.

Following a relevant disruption event, the applicable valuation date may be postponed so long as the relevant disruption event continues, the Calculation Agent may determine the applicable exchange rate, the Notes may be redeemed early (or on the originally designated date) by payment of the applicable early redemption amount rather than any amount that would have otherwise been calculated in respect of and due on the relevant date, the related date for payment may be deferred so long as the relevant disruption event continues or a fallback reference price source or sources may be used to calculate the rate instead of the originally designated price source. Potential investors in any FX Notes should ensure that they have read and understood the terms and conditions of such Notes to understand which disruption events apply (and the consequences thereof) and should ensure that they are willing to accept the related risks prior to investing in the Notes, which risks include an adverse effect on (i) the value of, and/or amounts or assets due in respect of, the Notes due to the occurrence of any disruption event and application of the related disruption fallback(s); or (ii) an investor's investment schedule, timetable or plans if any due date for payment under the Notes is postponed as a consequence of a disruption event.

- (b) the Designated Maturity is the period specified in the Applicable Pricing Supplement; and

6.2.4 *Screen Rate Determination including fallback provisions*

If Screen Rate Determination is specified in the Applicable Pricing Supplement as the manner in which the Interest Rate is to be determined, the Interest Rate applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:

- (c) if, in the case of (a) above, such rate does not appear on that page or, in the case of (b) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (i) request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question; and
 - (ii) determine the arithmetic mean of such quotations; and

- (d) if fewer than 3 (three) such offered quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Reference Rate Market, selected by the Calculation Agent, at approximately the Specified Time on the first day of the relevant Interest Period for loans in the Payment Currency to leading banks in the Reference Rate Market for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time;

and the Interest Rate for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; *provided, however, that* if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Interest Rate applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

6.2.5 *Indexed Interest*

If the Indexed Interest Note provisions are specified in the Applicable Pricing Supplement as being applicable, the Interest Rate(s) applicable to the Notes for each Interest Period will be determined in accordance with the manner specified in the Applicable Pricing Supplement.

6.2.8 *Determination of Interest Rate and Calculation of Interest Amount*

The Calculation Agent will, at or as soon as practicable after each time at which the Interest Rate is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Calculation Agent will calculate the Interest Amount payable in respect of each Note for the relevant Interest Period (a) by applying the Interest Rate for such Interest Period to either (i) the Calculation Amount, in the case of Notes represented by Individual Certificates or (ii) if the Notes are represented by a Global Certificate, the aggregate outstanding Nominal Amount of the Notes represented by such Global Certificate, or (iii) the aggregate outstanding Nominal of the Notes if the Notes are issued in uncertificated form, and in each case, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Payment Currency (half a sub-unit being rounded upwards) and, if sub-paragraph (i) applies, multiplying such rounded

figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount or, if sub-paragraph (ii) or (iii) applies, *pro rating* such rounded figure amongst the Notes by reference to the Specified Denomination of the relevant Note relative to the then aggregate Nominal Amount of Notes or (b) as specified in the Applicable Pricing Supplement.

6.2.9 *Calculation of Other Amounts*

If the Applicable Pricing Supplement specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the Applicable Pricing Supplement.

6.2.10 *Publication*

The Calculation Agent will cause each Interest Rate determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it, together with any relevant payment date(s) to be notified to the Issuer, the Paying Agent, the Transfer Agent, any Financial Exchange on which the relevant Floating Rate Notes are for the time being listed and any central securities depository in which Certificates in respect of the Notes are immobilised, as soon as possible after their determination and in any event in the case of Floating Rate Notes not later than the later of the day that is 3 (three) Business Days before the relevant Interest Payment Date and the relevant Interest Determination Date for that Interest Period. Notice thereof shall also promptly be given to the Noteholders in accordance with Condition 16 (*Notices*).

Each Interest Rate determined by the Calculation Agent, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it, together with any relevant payment date(s) shall be made available to the Noteholders in respect of any unlisted Floating Rate Notes promptly upon request.

The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. Any such amendment will be promptly notified to the Issuer and to the Noteholders in accordance with Condition 16 (*Notices*) and, if the relevant Tranche of Notes is listed on the JSE, the JSE and the CSD. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and Interest Amount in respect of a Note having the minimum Specified Denomination.

During each such applicable period, the Interest Rate on the Mixed Rate Notes shall be determined and each relevant Interest Amount shall fall due for payment on the basis that and to the extent that such Mixed Rate Notes are Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes, Indexed Notes or FX Linked Interest Notes, as the case may be.

9.1 A Noteholder whose Notes are redeemed shall pay all Taxes payable in connection with the payment of the Interest Amounts, or the redemption of such Notes and/or the payment of the Final Redemption Amount and/or the Optional Redemption Amount and/or the Early Redemption Amount and/or the Credit Event Redemption Amount as a result of such redemption. The Issuer is not liable for or otherwise obliged to pay any Taxes that may arise as a result of the ownership, transfer, redemption or enforcement of any Note.

9.2 All payments of principal and interest in respect of the Notes by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of South Africa or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law.

9.3 In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, as the case may be, in the absence of such withholding or deduction except that no such additional amounts shall be payable with respect to any Note:

- 9.3.1** held by or on behalf of a Noteholder, who is liable for such taxes or duties in respect of such Note by reason of his having some connection with South Africa other than the mere holding of such Note or the receipt of principal or interest in respect thereof; or
- 9.3.2** held by or on behalf of a Noteholder who would not be liable or subject to the withholding or deduction by making a declaration of non-residency or other similar claim for exemption to the relevant tax authority (the effect of which is not to require the disclosure of the identity of the relevant Noteholder); or
- 9.3.3** where such withholding or deduction is in respect of taxes levied or imposed on interest or principal payments only by virtue of the inclusion of such payments in the taxable income (as defined in section 1 of the Income Tax Act) or taxable capital gain (as defined in paragraph 1 of Schedule 8 to the Income Tax Act) of any Noteholder; or
- 9.3.4** more than 30 (thirty) days after the Relevant Date except to the extent that the Noteholder thereof would have been entitled to an additional amount on presenting the same for payment on such 30th thirtieth day; or
- 9.3.5** if such withholding or deduction arises through the exercise by revenue authorities of special powers in respect of disputers or alleged tax defaulters.
- 9.4** Notwithstanding any other provision in these Conditions, the Issuer, and the Paying Agents, shall be permitted to withhold or deduct any amounts required by the rules of U.S. Internal Revenue Code Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the US IRS (FATCA withholding). The Issuer will have no obligation to pay additional amounts or otherwise indemnify a holder for any FATCA withholding deducted or withheld by the Issuer, a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of FATCA withholding.
- 9.5** Any reference in these Terms and Conditions to any amounts in respect of the Notes shall be deemed also to refer to any additional amounts which may be payable under these Terms and Conditions or under any undertakings given in addition to, or in substitution for, these Terms and Conditions.

- (b) *Breach of other obligations*: the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes and such default remains unremedied for 30 (thirty) days after written notice thereof has been delivered by any Noteholder to the Issuer or to the Specified Office of the Transfer Agent (addressed to the Issuer); or
- (c) *Insolvency, winding-up etc*: the granting of an order by any competent court or authority for the liquidation, winding-up, dissolution or commencement of business rescue proceedings of the Issuer, whether provisionally (and not dismissed or withdrawn within 30 (thirty) days thereof) or finally, or the placing of the Issuer under voluntary liquidation or curatorship, provided that no liquidation, curatorship, winding-up, dissolution or commencement of business rescue proceedings shall constitute an event of default if: (i) the liquidation, curatorship, winding-up, dissolution or commencement of business rescue proceedings is for purposes of effecting an amalgamation, merger, demerger, consolidation, reorganisation or other similar arrangement within the SB Group; or (ii) in the case of the Issuer, in respect of a Solvent Reconstruction; or (iii) the liquidation, curatorship, winding-up, dissolution or commencement of business rescue proceedings is for purposes of effecting an amalgamation, merger, demerger, consolidation, reorganisation or other similar arrangement, the terms of which were approved by Extraordinary Resolution of Noteholders before the date of the liquidation, curatorship, winding-up, dissolution or commencement of business rescue proceedings; or
- (d) *Failure to take action*: any action, condition or thing (including the obtaining of any consent, licence, approval or authorisation) now or hereafter necessary to enable the Issuer to comply with its obligations under the Programme for the issuance of the Notes is not taken, fulfilled or done, or any such consent, licence, approval or authorisation shall be revoked, modified, withdrawn or withheld or shall cease to remain in full force and effect, resulting in the Issuer being unable to perform any of its payment or other obligations in terms of the Notes or the Programme for the issuance of the Notes.

If the Issuer becomes aware of the occurrence of any Event of Default, the Issuer shall forthwith notify all Noteholders and, in respect of listed Notes, shall forthwith notify the CSD, Clearstream, Luxembourg, Euroclear, the JSE and/or such other Financial Exchange upon which such Notes are listed, as the case may be.

Upon the happening of an Event of Default, any holder of Notes may, by written notice to the Issuer at its registered office, effective upon the date of receipt thereof by the Issuer, declare the Notes held by such Noteholder to be forthwith due and payable. Upon receipt of that notice, such Notes shall become forthwith due and payable at the Early Redemption Amount, together with accrued interest (if any) to the date of payment.

Mutilated or defaced Certificates, Receipts or Coupons must be surrendered at the Specified Office of the Transfer Agent before replacements will be issued.

12.3 Death and sequestration or liquidation of Noteholder

Any Person becoming entitled to Registered Notes in consequence of the death, sequestration or liquidation of the holder of such Notes may, upon producing evidence to the satisfaction of the Issuer that he holds the position in respect of which he proposes to act under this Condition 12.3 (*Death and sequestration or liquidation of Noteholder*) or of his title as the Issuer and the Transfer Agent shall require, be registered himself as the holder of such Notes or, subject to the Applicable Procedures, this Condition 12.3 (*Death and sequestration or liquidation of Noteholder*) and Condition 13.1 (*Transfer of Registered Notes*), may transfer such Notes. The chairperson (who may, but need not, be a Noteholder) of the meeting shall be appointed by the Issuer. The procedures to be followed at the meeting shall be as determined by the chairperson subject to the remaining provisions of this Condition 17. Should the Noteholder requisition a meeting, and the Issuer fails to call such a meeting within 7 (seven) days of the requisition, then the chairperson of the meeting held at the instance of the Noteholders shall be selected by a majority of Noteholders present in person, by Representative or by proxy. The chairman of an adjourned meeting need not be the same person as was chairman of the original meeting.

17.5 Quorum

At any such meeting one or more Noteholders present in person, by Representative or by proxy, holding in aggregate not less than 30% of the Nominal Amount of Notes for the time being Outstanding shall form a quorum for the transaction of business. The quorum at any such meeting for passing an Extraordinary Resolution shall (subject as provided below) be one or more Noteholders of that Class present or represented by proxies or Representatives and holding or representing in the aggregate a clear majority in Nominal Amount of the Notes held by the applicable Class for the time being Outstanding. At any meeting the business of which includes any of the following matters (**Reserved Matters**), shall only be capable of being effected after having been approved by Extraordinary Resolution namely -

- (a) modification of the Maturity Date of any Notes or reduction or cancellation of the Nominal Amount payable upon; or
- (b) reduction or cancellation of the amount payable or modification of the payment date in respect of any interest in respect of the Notes or variation of the method of calculating the Interest Rate in respect of the Notes; or
- (c) a proxy specified in a block voting instruction;
- (d) reduction or increase of any Minimum Interest Rate and/or Maximum Interest Rate specified in the Applicable Pricing Supplement of any Note; or
- (e) modification of the currency in which payments under the Notes are to be made; or
- (f) modification of the majority required to pass an Extraordinary Resolution; or
- (g) the sanctioning of any such scheme or proposal as is described in Condition 17.13(g) below; or
- (h) alteration of this proviso or the proviso to Condition 17.7(c) below.

At any meeting whose business includes any of such matters, the quorum shall be one or more Noteholders of that Class present or represented by proxies or Representatives and holding or representing in the aggregate not less than 66.67% in Nominal Amount of the Notes of that Class for the time being Outstanding. An Extraordinary Resolution passed at any meeting of the holders of Notes of that Class will be binding on all holders of Notes, whether or not they are present at the meeting. No amendment to or modification of the Conditions may be effected without the written agreement of the Issuer.

17.6 Adjournment of meetings

The Chairperson may, with the consent of (and shall if directed by) any Noteholders, adjourn a meeting of Noteholders or a Class of Noteholders from time to time and from place to place.

If within 30 (thirty) minutes after the time fixed for any such meeting a quorum is not present, then:

17.6.1 in the case of a meeting requested by Noteholders, it shall be dissolved; or

17.6.2 in the case of any other meeting, it shall be adjourned for such period (which shall be not less than 14 (fourteen) days and not more than 21 (twenty-one) days) and to such time and place as the Chairperson determines and approved by the Transfer Agent; provided, however, that:

- (a) the meeting shall be dissolved if the Issuer so decides; and
- (b) no meeting may be adjourned more than once for want of a quorum.

No business shall be transacted at any adjourned meeting except business which might lawfully have been transacted at the meeting from which adjournment took place.

17.7 Notice following adjournment

Condition 17.2 above shall apply to any meeting which is to be resumed after adjournment for want of a quorum save that:

- (a) 14 (fourteen) days notice (exclusive of the day on which the notice is given and of the day on which the relevant meeting is to be held) shall be sufficient; and
- (b) the notice shall state that (except in the circumstances where subparagraph (c) below applies) that one or more Noteholders present in person, by Representative or by proxy whatever the Nominal Amount of the Notes held or represented by them will form a quorum;
- (c) in relation to any adjourned meeting the business of which includes any of Reserved Matter, the quorum shall be one or more Noteholders present in person, by Representative or by proxy holding or representing not less than one third in aggregate Nominal Amount of the Notes for the time being Outstanding.

It shall not be necessary to give notice of the resumption of a meeting which has been adjourned for any other reason.

17.8 Participation

The following may attend and speak at a meeting:

- (a) Noteholders present, by Representative or by proxy provided that no such person shall be entitled to attend and speak (or vote) unless he provides proof acceptable to the Issuer that he is a Noteholder, its Representative or proxy if so required by the Issuer to do so;
- (b) any officer or duly appointed representative of the Issuer and every other person authorised in writing by the provided that such person shall not be entitled to vote, other than as a proxy or Representative;

- (d) the Transfer Agent;
- (e) any other person approved by the Noteholders at such meeting; and
- (f) every director or duly appointed representative of the Issuer and every other person authorised in writing by the Issuer may attend and speak at a meeting of Noteholders, but shall not be entitled to vote, other than as a proxy or Representative.

17.9 Show of hands

Except where otherwise provided, every resolution proposed to be passed at a meeting shall be decided in the first instance by a show of hands. Unless a poll is validly demanded before or at the time that the result is declared, the Chairperson's declaration that on a show of hands a resolution has been passed, passed by a particular majority, rejected or rejected by a particular majority shall be conclusive, without proof of the number of votes cast for, or against, the resolution.

17.10 Poll

A demand for a poll shall be valid if it is made by the Chairperson, the Issuer or one or more Noteholders present, by Representative or by proxy (whatever the Nominal Amount of Notes held or represented by them). The poll may be taken immediately or after such adjournment as the Chairperson directs, but any poll demanded on the election of the Chairperson or on any question of adjournment shall be taken at the meeting without adjournment. A valid demand for a poll shall not prevent the continuation of the relevant meeting for any other business as the Chairperson directs.

17.11 Votes

Every Noteholder present in person, by Representative or by proxy and who provided proof acceptable to the Issuer of his entitlement to vote, if so required by the Issuer, shall have one vote per Specified Denomination (or the nearest rounded off multiple thereof) of the relevant Class of Notes Outstanding held or represented by him. For the avoidance of doubt, the holders of Coupons or Receipts shall be entitled to receive notice of and to attend and speak at any meeting in respect of which they fall within the Series of Noteholders but no such person shall have rights to vote at such meetings.

Notwithstanding any other provision contained in this Condition 17:

- (a) If the Applicable Pricing Supplement specifies that the Notes will be held in the Central Depository, the CSD's Nominee shall vote on behalf of holders of Beneficial Interests in Uncertificated Notes and Notes represented by a Global Certificate held in the Central Depository in accordance with the Applicable Procedures.
- (b) If the Applicable Pricing Supplement specifies that the Notes will be represented by a Global Certificate held on behalf of Euroclear and Clearstream, Luxembourg:
 - (i) *Voting Certificates:*
 - (A) A holder of a Note (not being a Note in respect of which a block voting instruction has been given) may procure the delivery of a voting certificate in respect of that Note by giving notice to the relevant clearing system specifying by name a person (an **Identified Person**) (which need not be holder himself) to collect the voting certificate and attend and vote at the meeting.
 - (B) The voting certificate will be made available at or shortly before the start of the meeting by the Transfer Agent against presentation by the Identified Person of the form of identification previously notified by the holder to the relevant clearing system. The relevant clearing system may prescribe forms of identification (including, without limitation, passports) which it considers appropriate for these purposes.
 - (C) Subject to receipt by the Transfer Agent from the relevant clearing system, no later than 24 hours before the time for which the meeting is convened, of notification of the nominal amount of the Notes to be represented by any voting certificate and the form of identification against presentation of which the voting certificate should be released, the Transfer Agent shall, without any obligation to make further enquiry, make available voting certificates against presentation of forms of identification corresponding to those notified; or
 - (ii) *Block Voting Instructions:*
 - (A) A holder of a Note (not being a Note in respect of which a voting certificate has been issued) may require the Transfer Agent to issue a block voting instruction in respect of the Note by first instructing the relevant clearing system to procure that the votes attributable to the holder's Note should be cast at the meeting in a particular way in relation to the resolution or resolutions to be put to the meeting. Any such instruction shall be given in accordance with the Applicable Procedures in respect of the relevant clearing system.
 - (B) Subject to receipt by the Transfer Agent, no later than 24 (twenty four) hours before the time for which the meeting is convened, of (i) instructions from the relevant clearing system, (ii) notification of the nominal amount of the Notes in respect of which instructions have been given and (iii) the manner in which the

votes attributable to the Notes should be cast, the Transfer Agent shall, without any obligation to make further enquiry, attend the meeting and cast votes in accordance with these instructions.

- (C) Each block voting instruction shall be deposited by the relevant Paying Agent at the place specified by the Transfer Agent for the purpose not less than 24 (twenty four) hours before the time appointed for holding the meeting or adjourned meeting at which the proxies named in the block voting instruction propose to vote, and in default the block voting instruction shall not be treated as valid unless the Chairman of the meeting decides otherwise before the meeting or adjourned meeting proceeds to business. A notarially certified copy of each block voting instruction shall (if so requested by the Issuer) be deposited with the Issuer before the start of the meeting or adjourned meeting but the Issuer shall not as a result be obliged to investigate or be concerned with the validity of or the authority of the proxies named in the block voting instruction.
- (D) Any vote given in accordance with the terms of the block voting instruction shall be valid notwithstanding the previous revocation or amendment of the block voting instruction or of any of the instructions of the relevant Noteholder or the relevant clearing system (as the case may be) pursuant to which it was executed provided that no indication in writing of any revocation or amendment has been received from the relevant Paying Agent by the Issuer at its registered office by the time being 24 (twenty four) hours before the time appointed for holding the meeting or adjourned meeting at which the block voting instruction is to be used.

In the case of a voting tie, the Chairperson shall have a casting vote.

Unless the form of proxy states otherwise, a Representative or proxy shall not be obliged to exercise all the votes which he is entitled or cast all the votes which he exercises in the same way.

A majority shall be required to ordinarily pass a resolution of Noteholders.

17.12 Validity of votes by proxies

Any vote by a proxy in accordance with the form of proxy shall be valid even if such form of proxy or any instruction pursuant to which it was given has been amended or revoked, provided that the Transfer Agent or the Issuer at its Specified Office has not been notified in writing of such amendment or revocation by the time which is 24 (twenty four) hours before the time fixed for the relevant meeting. Unless revoked, any appointment of a proxy under a form of proxy in relation to a meeting shall remain in force in relation to any resumption of such meeting following an adjournment.

17.13 Powers

A meeting of Noteholders will have power (exercisable by Extraordinary Resolution), without prejudice to any other powers conferred on it or any other person:

- (a) power to sanction any compromise or arrangement proposed to be made between the Issuer and the Class of Noteholders or any of them;
- (b) power to approve the substitution of any entity for the Issuer which shall be proposed by the Issuer;
- (c) power to sanction any abrogation, modification, compromise or arrangement in respect of the rights of the Class of Noteholders against the Issuer or against any of its property whether such rights shall arise under the Notes or otherwise;
- (d) power to assent to any modification of the provisions contained in the Terms and Conditions which shall be proposed by the Issuer;
- (e) power to give any authority or sanction which under the Terms and Conditions is required to be given by Extraordinary Resolution;
- (f) power to appoint any persons (whether Noteholders or not) as a committee or committees to represent the interests of the Noteholders of that Class and to confer upon such committee or committees any powers or discretions which the Noteholders could themselves exercise by Extraordinary Resolution;
- (g) power to sanction any scheme or proposal for the exchange or sale of the Notes for, or the conversion of the Notes into or the cancellation of the Notes in consideration of, shares, stocks, notes, bonds, debentures, debenture stock and/or other obligations and/or securities of the Issuer or any entity (corporate or otherwise) formed or to be formed, or for or into or in consideration of cash, or partly for or into or in consideration of such shares, stock, notes, bonds, debentures, debenture stock and/or other obligations and/or securities as aforesaid and partly for or into or in consideration for cash.

17.14 Binding effect of resolutions

Any resolution passed (i) at a meeting of a Class of Noteholders duly convened and held or (ii) if the Applicable Pricing Supplement specifies that the Notes are represented by a Global Certificate held on behalf of Euroclear and/or Clearstream, Luxembourg, passed by way of consents given by a Class of Noteholders through Euroclear and/or Clearstream, Luxembourg, as the case may be, shall be binding upon all Noteholders of that Class whether or not present at the meeting referred to in (i) above and whether or not voting, and each Noteholder of that Class shall be bound to give effect to it accordingly.

An Extraordinary Resolution shall be binding upon all Noteholders whether or not present at such meeting and whether or not voting, and each of the Noteholders shall be bound to give effect to it accordingly.

17.15 Notice of the result of voting on any resolution

Notice of the result of the voting on any resolution (including any Extraordinary Resolution) duly considered by the Noteholders shall be given to the Noteholders within 14 (fourteen) days of the conclusion of the meeting in accordance with Condition 16 (*Notices*). Non-publication shall not invalidate any such resolution.

17.16 Minutes

Minutes shall be made of all resolutions and proceedings of meetings by the Transfer Agent and duly entered in books to be provided by the Issuer for that purpose. The Chairperson shall sign the minutes, which shall be *prima facie* evidence of the proceedings recorded therein. Unless and until the contrary is proved, every such meeting in respect of which minutes have been summarised and signed shall be deemed to have been duly convened and held and all resolutions passed thereat, or proceedings held, to have been duly passed and held.

18. MODIFICATION

18.1 The Issuer may effect, without the consent of the relevant Class of Noteholders, any modification of the Terms and Conditions which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated and the governing law in accordance with which Notes are issued, provided that the consent of the JSE shall be required where such Notes are listed. Any such modification shall be binding on the relevant Class of Noteholders and any such modification shall be notified to the relevant Class of Noteholders and to the relevant Financial Exchange in accordance with Condition 16 (*Notices*) as soon as practicable thereafter and shall be published by the Issuer on SENS. For the avoidance of doubt, the exercise by the Issuer of its rights under Condition 15 (*Transfer Agent, Calculation Agent and Paying Agent*) shall not constitute a modification of these Terms and Conditions.

18.2 Save as provided in Condition 18.1, no modification of these Terms and Conditions may be effected unless:

- (a) in writing and signed by or on behalf of the Issuer and by or on behalf of the members of the relevant Class of Noteholders holding not less than 66.67% in Nominal Amount, of the Notes in that Class for the time being Outstanding; or
- (b) sanctioned by an Extraordinary Resolution of the relevant Class of Noteholders.

19. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders to create and issue further Notes (the **Additional Notes**) having terms and conditions which are identical to any of the other Notes already issued under the Programme (the **Existing Notes**) or the same in all respects save for their respective Issue Prices, Issue Dates and aggregate Nominal Amounts, so that the Additional Notes shall be consolidated by the Issuer to form a single Series with the Existing Notes.

20. GOVERNING LAW

Unless otherwise specified in the Applicable Pricing Supplement, the provisions of the Programme Memorandum, the applicable Terms and Conditions and the Notes are governed by, and shall be construed in accordance with, the laws of South Africa.

ANNEX 1

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES

The terms and conditions applicable to Credit Linked Notes shall comprise the Terms and Conditions of the Notes set out above (the **General Conditions**) and the Additional Terms and Conditions for Credit Linked Notes set out below (the **Credit Linked Conditions**), in each case subject to replacement or modification to the extent specified in the Applicable Pricing Supplement. In the event of any inconsistency between the General Conditions and the Credit Linked Conditions, the Credit Linked Conditions shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the Credit Linked Conditions and (ii) the Applicable Pricing Supplement, the Applicable Pricing Supplement shall prevail.

1. REDEMPTION FOLLOWING THE OCCURRENCE OF A CREDIT EVENT

1.1 If a Credit Event Determination Date has occurred in relation to the Reference Entity:

- (a) if Auction Settlement is specified in the Applicable Pricing Supplement as the applicable Settlement Method, the provisions of Credit Linked Condition 2 (*Auction Settlement*) will apply;
- (b) if Cash Settlement is specified in the Applicable Pricing Supplement as the applicable Settlement Method or if Credit Linked Condition 2(b)(x) below applies, the provisions of Credit Linked Condition 3 (*Cash Settlement*) will apply;
- (c) subject to Credit Linked Condition 10 (*Partial Cash Settlement*), if Physical Settlement is specified in the Applicable Pricing Supplement as the applicable Settlement Method or if Credit Linked Condition 2(b)(y) below applies, the provisions of Credit Linked Condition 4 (*Physical Settlement*) will apply.

Upon discharge by the Issuer of its relevant payment or delivery obligations, as the case may be, on the due date for redemption, or otherwise as provided herein, the Issuer's obligations in respect of a Note shall be discharged.

Where any Cash Settlement Amount is or would be zero then, other than for the payment of accrued interest or any other due but unpaid amounts, the Notes will be cancelled as of the Cash Settlement Date with no payment being due other than any final amount of accrued interest or any other due but unpaid amounts. The Issuer will have no further obligations in respect of the Credit Linked Notes.

If any purchase and cancellation of Notes occurs under General Condition 7.11 (*Purchases*) or any further issue under General Condition 19 (*Further Issues*), the Calculation Agent will make such adjustments to the Applicable Pricing Supplement and/or these Credit Linked Conditions as it determines appropriate to ensure the Notes continue to reflect economic intentions.

1.2 The Calculation Agent shall be responsible for making such determinations, performing such acts and exercising such discretions as may be provided pursuant to the General Conditions, these Credit Linked Conditions and/or the Applicable Pricing Supplement, including without limitation and as required:

- (a) determining a Successor;
- (b) if applicable, identifying a Substitute Reference Obligation;

- (c) obtaining Quotations (and, if necessary, determining whether such Quotations shall include or exclude accrued but unpaid interest) and determining the Final Price;
- (d) converting any amount from one currency to another;
- (e) choosing the Quotation Dealers and substituting Quotation Dealers in connection with obtaining Quotations; and
- (f) determining the Currency Rate.

1.3 Whenever the Calculation Agent is required to act or to exercise judgment, unless otherwise specified, it will do so in its sole and absolute discretion or, if so specified, in a commercially reasonable manner.

2. AUCTION SETTLEMENT

- (a) Where Auction Settlement is specified as the applicable Settlement Method in the Applicable Pricing Supplement and a Credit Event Determination Date occurs on or prior to the Auction Final Price Determination Date, the Issuer shall give notice (such notice an "**Auction Settlement Notice**") to the Noteholders in accordance with General Condition 16 (*Notices*) and, subject to these Credit Linked Conditions, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Cash Settlement Amount in the relevant Payment Currency on the Cash Settlement Date.
- (b) Unless settlement has occurred in accordance with the paragraph above, if:
 - (i) an Auction Cancellation Date occurs;
 - (ii) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraphs (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);
 - (iii) a DC Credit Event Question Dismissal occurs;
 - (iv) a Credit Event Determination Date was determined pursuant to paragraph (a) of the definition of Credit Event Determination Date or paragraph (b) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred on or prior to the date falling three (3) Business Days after such Credit Event Determination Date; or
 - (v) the Calculation Agent determines that it is otherwise reasonably likely that the Reference Transaction would be settled in accordance with the Fallback Settlement Method and gives notice of such to the Issuer (the date on which the Calculation Agent gives such notice, the "**Calculation Agent Fallback Settlement Determination Date**"),

then:

- (x) if Fallback Settlement Method – Cash Settlement is specified as applicable in the Applicable Pricing Supplement, the Issuer shall redeem the Credit Linked Notes in accordance with Credit Linked Condition 3 (*Cash Settlement*) below; or

- (y) if Fallback Settlement Method – Physical Settlement is specified as applicable in the Applicable Pricing Supplement, the Issuer shall redeem the Credit Linked Notes in accordance with Credit Linked Condition 4 (*Physical Settlement*) below.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 2 (*Auction Settlement*), upon payment of the Cash Settlement Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Cash Settlement Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

3. CASH SETTLEMENT

If a Credit Event Determination Date has occurred, then where Cash Settlement is specified as the applicable Settlement Method in the Applicable Pricing Supplement or if Credit Linked Condition 2(b)(x) above applies, then, subject to any prior redemption in accordance with Credit Linked Condition 2 (*Auction Settlement*), the Issuer shall give notice (such notice a "**Cash Settlement Notice**") to the Noteholders in accordance with General Condition 16 (*Notices*), and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1 (*Redemption Following the Occurrence of a Credit Event*), redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Cash Settlement Amount in the relevant Payment Currency on the Cash Settlement Date.

In addition, the Issuer shall give notice (such notice a "**Notice of Valuation Settlement**") to the Noteholders in accordance with General Condition 16 (*Notices*). In the Notice of Valuation Settlement, the Issuer shall specify the Valuation Obligation(s) and the corresponding Outstanding Principal Balance(s) or Due and Payable Amount(s), as applicable, that it reasonably expects to use to determine the Final Price. The Issuer may, from time to time, amend a Notice of Valuation Settlement by delivering a notice to Noteholders in accordance with General Condition 16 (*Notices*), (each such notification, a "**Valuation Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Valuation Obligations specified in the Notice of Valuation Settlement or a prior Valuation Settlement Amendment Notice, as applicable. A Valuation Settlement Amendment Notice shall specify each replacement Valuation Obligation (each, a "**Replacement Valuation Obligation**") and shall also specify the Outstanding Principal Balance or Due and Payable Amount (determined on the same basis as in the definition of Valuation Reference Holding) of each Valuation Obligation identified in the Notice of Valuation Settlement or a prior Valuation Settlement Amendment Notice, as applicable, that is being replaced or the equivalent Currency Amount of any such amount (with respect to each such Valuation Obligation, the "**Replaced Valuation Obligation Outstanding Amount**"). The Replacement Valuation Obligation(s), taken together, shall have an aggregate Replaced Valuation Obligation Outstanding Amount at least equal to the Outstanding Principal Balance(s) and/or Due and Payable Amount(s) (or the equivalent Currency Amount(s) of any such amount(s)) of the Valuation Obligations being replaced. Each such Valuation Settlement Amendment Notice must be effective on or prior to the first Valuation Date (determined without reference to any change resulting from such Valuation Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Valuation Settlement or any Valuation Settlement Amendment Notice, as applicable, by notice to Noteholders in accordance with General Condition 16 (*Notices*), prior to the relevant first Valuation Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the VSN Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the first Valuation Date), notify the Noteholders (in

accordance with General Condition 16 (*Notices*) of the detailed description of the Asset Package, if any, in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified as Valuation Obligation(s) in the Notice of Valuation Settlement or Valuation Settlement Amendment Notice, as applicable, it being understood in each case that any such notice of correction shall not constitute a Valuation Settlement Amendment Notice.

If "*Mod R*" is specified in the Applicable Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to Governmental Intervention, a Valuation Obligation may be included in the Valuation Reference Holding only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements, or if none at the relevant time, the VSN Effective Date.

If "*Mod Mod R*" is specified in the Applicable Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Valuation Obligation may be included in the Valuation Reference Holding only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or if none at the relevant time, the VSN Effective Date. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

The relevant Asset Package, if applicable, will be deemed to be a Valuation Obligation and the composition of the Asset Package and the Valuation Reference Holding in respect of each nominal amount of Credit Linked Notes equal to the Nominal Amount will be determined by reference to the relevant Prior Deliverable Obligation or Package Observable Bond specified as Valuation Obligation(s) in the relevant Notice of Valuation Settlement or Valuation Settlement Amendment Notice, as applicable. Where appropriate the Calculation Agent may make any adjustment in relation to provisions for valuation and determination of the Final Price to take account of the relevant Asset Package. Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to (a) the Trade Date or, if earlier and if specified as applicable in the Applicable Pricing Supplement, the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or, (b) where Auction Settlement is specified as the applicable Settlement Method and Local Market Variation is specified as not applicable, in each case, in the Applicable Pricing Supplement, the Credit Event Backstop Date determined in respect of the Credit Event specified in the DC Credit Event Announcement applicable to the Credit Event Determination Date (regardless of whether the Credit Event Backstop Date is specified as applicable in the Applicable Pricing Supplement) or, if later and if Credit Event Backstop Date is not specified as applicable in the Applicable Pricing Supplement, the Trade Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if Sovereign No Asset Package Delivery is specified as applicable in the Applicable Pricing Supplement it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published by ISDA) and accordingly, Asset Package Delivery shall not apply thereto.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 3 (*Cash Settlement*), upon payment of the Cash Settlement Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Cash Settlement Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

4. PHYSICAL SETTLEMENT

If a Credit Event Determination Date has occurred, then where Physical Settlement is specified as the applicable Settlement Method in the Applicable Pricing Supplement or Credit Linked Condition 2(b)(y) applies, the Issuer shall give notice (such notice, a "**Notice of Physical Settlement**") to the Noteholders in accordance with General Condition 16 (*Notices*) and subject to these Credit Linked Conditions, in particular Credit Linked Condition 1 (*Redemption Following the Occurrence of a Credit Event*), redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer by the Delivery of the Deliverable Obligations comprising the Entitlement on the Physical Settlement Date, subject to and in accordance with this Credit Linked Condition 4 (*Physical Settlement*) and Credit Linked Condition 10 (*Partial Cash Settlement*). The relevant Asset Package, if applicable, will be deemed to be a Deliverable Obligation and the composition of the Asset Package and the Entitlement in respect of each nominal amount of Credit Linked Notes equal to the Nominal Amount will be determined by reference to the relevant Prior Deliverable Obligation or Package Observable Bond specified in the relevant Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable. Where appropriate the Calculation Agent may make any adjustment in relation to provisions for physical delivery and determination of the Entitlement to take account of the relevant Asset Package.

The Notice of Physical Settlement shall describe the Deliverable Obligations comprising the Entitlement that the Issuer reasonably expects to Deliver. For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Entitlement, irrespective of their market value.

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Noteholders in accordance with General Condition 16 (*Notices*), (each such notification, a "**Physical Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a "**Replacement Deliverable Obligation**") and shall also specify the Outstanding Principal Balance or Due and Payable Amount (determined on the same basis as in the definition of Entitlement) of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced or the equivalent Currency Amount of any such amount (with respect to each such Deliverable Obligation, the "**Replaced Deliverable Obligation Outstanding Amount**"). The Replacement Deliverable Obligation(s), taken together, shall have an aggregate Replaced Deliverable Obligation Outstanding Amount at least equal to the Outstanding Principal Balance(s) and/or Due and Payable Amount(s) (or the equivalent Currency Amount(s) of any such amount(s)) of the Deliverable Obligations being replaced. Each such Physical Settlement Amendment Notice must be effective on or prior to the Physical Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or

inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to the Noteholders in accordance with General Condition 16 (*Notices*), prior to the relevant Delivery Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the PSN Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Noteholders (in accordance with General Condition 16 (*Notices*)) of the detailed description of the Asset Package, if any, that the Issuer will Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice of correction shall not constitute a Physical Settlement Amendment Notice.

If "*Mod R*" is specified in the Applicable Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the Restructuring Maturity Limitation Date, in each case, as of such date as the Calculation Agent determines relevant for the purposes of the Hedging Arrangements, or if none at the relevant time, both the PSN Effective Date and the Delivery Date, as applicable.

If "*Mod Mod R*" is specified in the Applicable Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package applies due to a Governmental Intervention then a Deliverable Obligation may be included in the Entitlement only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for the purposes of the Hedging Arrangements, or if none at the relevant time, both the PSN Effective Date and the Delivery Date. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to (a) the Trade Date or, if earlier and if specified as applicable in the Applicable Pricing Supplement, the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or, (b) where Auction Settlement is specified as the applicable Settlement Method and Local Market Variation is specified as not applicable, in each case, as specified in the Applicable Pricing Supplement, the Credit Event Backstop Date determined in respect of the Credit Event specified in the DC Credit Event Announcement applicable to the Credit Event Determination Date (regardless of whether the Credit Event Backstop Date is specified as applicable in the Applicable Pricing Supplement) or, if later and if Credit Event Backstop Date is not specified as applicable in the Applicable Pricing Supplement, the Trade Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if Sovereign No Asset Package Delivery is specified as applicable in the Applicable Pricing Supplement, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published by ISDA) and accordingly, Asset Package Delivery shall not apply thereto.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 4 (*Physical Settlement*), upon Delivery of the Deliverable Obligations and/or payment of the Partial Cash Settlement Amount, as the case may be, the Issuer shall have discharged its obligations in respect of the Credit Linked Notes and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Partial Cash Settlement Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

- 4.1 Subject as provided herein, the Issuer shall Deliver the Deliverable Obligations comprising the Entitlement to the Designated Transferee on or before the Physical Settlement Date in the manner referred to in Credit Linked Condition 4.2 below.
- 4.2 In order to obtain Delivery of the Deliverable Obligations comprising the Entitlement in respect of any Credit Linked Note, the relevant Noteholder must deliver to the Transfer Agent within five (5) Business Days of the date of delivery of the Notice of Physical Settlement (the "**Cut-Off Date**"), a duly completed Asset Transfer Notice as referred to in Credit Linked Condition 4.3 below together with, where applicable, the Certificates relating to the Credit Linked Notes. No Asset Transfer Notice may be withdrawn after receipt thereof. Where applicable, no transfers of the Credit Linked Notes the subject thereof will be effected by the Transfer Agent after delivery of an Asset Transfer Notice.

Forms of the Asset Transfer Notice may be obtained during normal business hours from the specified office of the Transfer Agent.

- 4.3 An Asset Transfer Notice shall:
- (a) specify the name of the Noteholder;
 - (b) specify the name, physical and postal address and the banking and securities safe custody account details of the Designated Transferee;
 - (c) specify the Nominal Amount of Credit Linked Notes which are the subject of such notice;
 - (d) irrevocably instruct and authorise the Transfer Agent to cancel the relevant Credit Linked Notes and Certificates;
 - (e) if Unwind Costs apply, specify a cash account to which any Unwind Costs Payment Amount can be paid;
 - (f) authorise the production of such notice in any applicable administrative or legal proceedings; and
 - (g) either (i) include an undertaking to pay all Delivery Expenses on or prior to the Delivery Expenses Cut-off Date (as defined below); or (ii) instruct the Issuer to deduct in the calculation of the Entitlement Obligations with a market value determined by the Calculation Agent equal to the Delivery Expenses.

Noteholders should note that if they elect to pay all Delivery Expenses but have not done so on or prior to the Delivery Expenses Cut-off Date, notwithstanding such election, the Delivery Expenses will be deducted in the calculation of the Entitlement as provided in the definition thereof.

If Unwind Costs apply and are negative, the absolute value of the Unwind Costs (the "**Unwind Costs Payment Amount**") will be payable to the Noteholder to the account specified for these purposes in their Asset Transfer Notice on or prior to the Physical Settlement Date or the Latest Permissible Physical Settlement Date, as applicable, or, if Credit Linked Condition 10 (*Partial Cash Settlement*) applies, the last occurring Partial Cash Settlement Date.

Failure to properly complete and deliver an Asset Transfer Notice and, where applicable, the relevant Certificates may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered shall be made by the Transfer Agent in its sole and absolute discretion and shall be binding on the relevant Noteholder and the Issuer.

- 4.4 Upon receipt of a duly completed Asset Transfer Notice the Transfer Agent shall, in the case of Registered Notes, verify that the person specified in the notice as the Noteholder is the holder of the Note referred to therein according to the Register, and in the case of Order Notes or Bearer Notes, the Transfer Agent may for all purposes regard the person disclosed as the Noteholder in the Asset Transfer Notice as the holder of the Note and the Transfer Agent shall not be required to perform any further verification or confirmation as to the identity of the holder of the Note.

The Deliverable Obligations comprising the Entitlement in respect of each Credit Linked Note will be Delivered at the risk of the relevant Noteholder in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and the Issuer shall notify to the Designated Transferee or in such manner as specified in the Applicable Pricing Supplement. Any Designated Transferee other than the Noteholder shall be deemed to be the duly authorised agent of the Noteholder and any Delivery or payment to such person shall be deemed for all purposes to be a Delivery or payment to the Noteholder and shall satisfy the Issuer's obligations in respect thereof. Such person shall not be entitled to enforce any of the Noteholder's rights against the Issuer and the Issuer shall have no liability or obligation to or in respect of the Designated Transferee. By delivery of an Asset Transfer Notice, the Noteholder shall be deemed to represent that the Designated Transferee has agreed to the foregoing.

If the Asset Transfer Notice and where applicable, the relevant Certificates, are delivered to the Issuer later than close of business on the Cut-Off Date, then the Deliverable Obligations comprising the Entitlement in respect of the relevant Credit Linked Notes will be Delivered as soon as practicable after the date on which the duly completed Asset Transfer Notice is received, at the risk of the relevant Noteholder in the manner provided above. For the avoidance of doubt, such Noteholder shall not be entitled to any payment or to other assets, whether in respect of interest or otherwise, in the event of such later Delivery of the Deliverable Obligations comprising the Entitlement and such later Delivery shall not constitute an Event of Default.

If the Noteholder fails to deliver an Asset Transfer Notice in the manner set out herein or, where applicable, fails to deliver the Certificates related thereto within one calendar year of the Credit Event Determination Date, the Issuer shall be discharged from its obligations in respect of such Credit Linked Notes and shall have no further obligation or liability whatsoever in respect thereof.

- 4.5 If, on the Physical Settlement Date, the Calculation Agent determines that any Deliverable Obligations comprising an Entitlement are Undeliverable Obligations, the Issuer shall Deliver or procure the Delivery of the Deliverable Obligations which it is not impossible, impracticable or illegal to Deliver and, as soon as possible thereafter, the Issuer shall Deliver or procure the Delivery of the Undeliverable Obligations.

If all or a portion of such Undeliverable Obligations are not Delivered by the Latest Permissible Physical Settlement Date, the provisions of Credit Linked Condition 10 (*Partial Cash Settlement*) shall apply.

The relevant Noteholder shall not be entitled to any payment or to other assets, whether in respect of interest or otherwise, in the event of such late Delivery of or failure to Deliver such Undeliverable Obligations and such late Delivery or failure to Deliver shall not constitute an Event of Default.

- 4.6 Until Delivery of the Deliverable Obligations comprising the Entitlement is made, the Issuer or any person holding such assets on behalf of the Issuer shall continue to be the legal owner of those assets. After Delivery of the Deliverable Obligations comprising the Entitlement and for the Intervening Period, none of the Issuer, the Calculation Agent nor any other person shall at any time (i) be under any obligation to deliver or procure delivery to the Noteholder or its Designated Transferee of any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in respect of the securities or obligations included in such Entitlement, (ii) be under any obligation to exercise or procure the exercise of any or all rights (including voting rights) attaching or appertaining to such securities or obligations included in such Entitlement or (iii) be under any liability to a Noteholder for any loss, liability, damage, cost or expense that such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations included in such Entitlement.
- 4.7 Where the Entitlement is, in the determination of the Issuer, an amount other than an amount of Deliverable Obligation(s) capable of being Delivered at the relevant time, (i) the Issuer shall not Deliver and the relevant Noteholder shall not be entitled to receive in respect of its Notes that fraction of a Deliverable Obligation which is less than a whole number (the "**Fractional Entitlement**") and (ii) the Issuer shall pay to the relevant Noteholder a cash amount (to be paid at the same time as Delivery of the Deliverable Obligations comprising the Entitlement) equal to the fair market value (as determined by the Calculation Agent) of such Fractional Entitlement.
- 4.8 The costs, taxes, duties and/or expenses (including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes) (the "**Delivery Expenses**") of effecting any Delivery of the Deliverable Obligations comprising the Entitlement (except for the expenses of delivery by uninsured regular mail (if any) which shall be borne by the Issuer) shall, in the absence of any provision to the contrary in the Applicable Pricing Supplement, be borne by the relevant Noteholder and shall, unless otherwise specified in the Applicable Pricing Supplement, either be:
- (a) paid to the Issuer by such Noteholder on or prior to the day falling ten (10) Business Days following the date of delivery of the Asset Transfer Notice (the "**Delivery Expenses Cut-off Date**") and in any event prior to the Delivery of the Deliverable Obligations comprising the Entitlement (and, for the avoidance of doubt, the Issuer shall not be required to Deliver such Deliverable Obligations until it has received such payment); or
 - (b) if so instructed by such Noteholder in the Asset Transfer Notice or if the Noteholder has not paid the Delivery Expenses on or prior to the Delivery Expenses Cut-off Date, deducted by the Issuer in the calculation of the Entitlement.

5. ACCRUAL OF INTEREST

If:

- (i) "Accrual of Interest upon Credit Event" is specified as not applicable in the Applicable Pricing Supplement, no interest shall be payable (and accordingly will be deemed not to have accrued) in respect of a Note in respect of which the relevant date for payment thereof (as may be adjusted pursuant to these Credit Linked Conditions) has not occurred on or prior to the Credit Event Determination Date, or, if the Credit Event Determination Date falls prior to the first interest payment date, no interest shall accrue on the Notes; or
- (ii) "Accrual of Interest upon Credit Event" is specified as applicable in the Applicable Pricing Supplement, each Note shall cease to bear interest from the Credit Event Determination Date,

provided that, if:

- (A) Credit Linked Condition 6 (*Repudiation/Moratorium Extension*), Credit Linked Condition 7 (*Grace Period Extension*) or Credit Linked Condition 8 (*Credit Derivatives Determinations Committee Extension*) applies in respect of the Notes and, in the case of Credit Linked Condition 6 (*Repudiation/Moratorium Extension*), a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or, in the case of Credit Linked Condition 7 (*Grace Period Extension*) a Failure to Pay has not occurred on or prior to the Grace Period Extension Date or, in the case of Credit Linked Condition 8 (*Credit Derivatives Determinations Committee Extension*), a Credit Event has not occurred on or prior to the DC Determination Cut-off Date, as the case may be; and/or
- (B) Credit Linked Condition 9 (*Maturity Date Extension*) applies in respect of the Notes and a Credit Event Determination Date or the Repudiation/Moratorium Extension Condition, as applicable, has not occurred or is not satisfied on or prior to the Postponed Cut-Off Date,

then interest will accrue as provided in Credit Linked Condition 6 (*Repudiation/Moratorium Extension*), Credit Linked Condition 7 (*Grace Period Extension*), Credit Linked Condition 8 (*Credit Derivatives Determinations Committee Extension*) or Credit Linked Condition 9 (*Maturity Date Extension*), as the case may be.

6. REPUDIATION/MORATORIUM EXTENSION

If "Repudiation/Moratorium" is specified as a Credit Event in the Applicable Pricing Supplement, the provisions of this Credit Linked Condition 6 (*Repudiation/Moratorium Extension*) shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Scheduled Maturity Date or, if Credit Linked Condition 9(b) applies, the Postponed Cut-Off Date (as defined in Credit Linked Condition 9 (*Maturity Date Extension*)) and the Repudiation/Moratorium Evaluation Date in respect of such Potential Repudiation Moratorium will, in the sole determination of the Calculation Agent, fall after the Scheduled Maturity Date, then the Issuer shall notify the Noteholders in accordance with General Condition 16 (*Notices*) that a Potential Repudiation/Moratorium has occurred and the maturity of the Notes will be delayed and:

- (a) where a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date:

- (i) each Note will be redeemed by the Issuer at the Final Redemption Amount on the second Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Cut-Off Date; and
 - (ii) in the case of interest bearing Notes, the Issuer shall be obliged to pay interest (if any) calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the second Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Cut-Off Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1 (*Redemption Following the Occurrence of a Credit Event*) and Credit Linked Condition 2 (*Auction Settlement*), Credit Linked Condition 3 (*Cash Settlement*) or Credit Linked Condition 4 (*Physical Settlement*), as applicable, shall apply to the Notes.

7. GRACE PERIOD EXTENSION

If "Grace Period Extension" is specified as applicable in the Applicable Pricing Supplement, the provisions of this Credit Linked Condition 7 (*Grace Period Extension*) shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date but, in the determination of the Calculation Agent, a Potential Failure to Pay has occurred with respect to one or more Obligation(s) in respect of which a Grace Period is applicable on or prior to the Scheduled Maturity Date (and such Grace Period(s) is/are continuing as at the Scheduled Maturity Date), then the Issuer shall notify the Noteholders in accordance with General Condition 16 (*Notices*) that a Potential Failure to Pay has occurred and the maturity of the Notes will be delayed and:

- (a) where a Failure to Pay has not occurred on or prior to the Grace Period Extension Date:
 - (i) each Note will be redeemed by the Issuer at the Final Redemption Amount on the Grace Period Extension Date; and
 - (ii) in the case of interest bearing Notes, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the Grace Period Extension Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where a Failure to Pay has occurred on or prior to the Grace Period Extension Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1 (*Redemption Following the Occurrence of a Credit Event*) and Credit Linked Condition 2 (*Auction Settlement*), Credit Linked Condition 3 (*Cash*

Settlement) or Credit Linked Condition 4 (*Physical Settlement*), as applicable, shall apply to the Credit Linked Notes.

8. CREDIT DERIVATIVES DETERMINATIONS COMMITTEE EXTENSION

Where Auction Settlement is specified in the Applicable Pricing Supplement as the applicable Settlement Method, if, in the determination of the Calculation Agent, a Potential Credit Event has occurred and the Credit Derivatives Determinations Committee has not made its determination on or prior to the Scheduled Maturity Date then the Issuer shall notify Noteholders in accordance with General Condition 16 (*Notices*) that the Maturity Date has been postponed to a date (the "**DC Determination Postponed Date**") being the day falling five (5) Business Days after (a) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has occurred, fifteen (15) Business Days following the relevant DC Credit Event Announcement or (b) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has not occurred, the second Business Day following the relevant DC No Credit Event Announcement or, as applicable, (c) fifteen (15) Business Days following the DC Credit Event Question Dismissal (the date of the relevant DC Credit Event Announcement, DC No Credit Event Announcement or DC Credit Event Question Dismissal, as applicable, the "**DC Determination Cut-off Date**"), and:

- (a) where a Credit Event has not occurred on or prior to the DC Determination Cut-off Date:
 - (i) each Note will be redeemed by the Issuer at the Final Redemption Amount on the relevant DC Determination Postponed Date; and
 - (ii) in the case of interest bearing Notes, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or if none the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the relevant DC Determination Postponed Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where a Credit Event has occurred on or prior to the DC Determination Cut-off Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1 (*Redemption Following the Occurrence of a Credit Event*) and Credit Linked Condition 2 (*Auction Settlement*), Credit Linked Condition 3 (*Cash Settlement*) or Credit Linked Condition 4 (*Physical Settlement*), as applicable, shall apply to the Credit Linked Notes.

9. MATURITY DATE EXTENSION

The following provisions of this Credit Linked Condition 9 (*Maturity Date Extension*) apply to Credit Linked Notes and, for the avoidance of doubt, may be applied on more than one occasion:

Without prejudice to Credit Linked Condition 11 (*Settlement Suspension*), if on or prior to:

- (a) (A) the Scheduled Maturity Date, (B), if applicable, the Repudiation/Moratorium Evaluation Date, (C) if Grace Period Extension is specified as applying in the Applicable Pricing Supplement, the Grace Period Extension Date, (D) the last day of the Notice Delivery Period or (E) if Auction Settlement is specified as the applicable

Settlement Method, the DC Determination Cut-off Date, as the case may be, a Credit Event Determination Date has not occurred but, in the determination of the Calculation Agent, a Credit Event or Potential Credit Event (other than a Potential Repudiation/Moratorium) may have occurred; or

- (b) the Scheduled Maturity Date, in the determination of the Calculation Agent, a Potential Repudiation/Moratorium may have occurred,

the Issuer may at its option notify the Noteholders in accordance with General Condition 16 (*Notices*) that redemption of the Notes has been postponed and, in the case of (a) above, the Repudiation/Moratorium Evaluation Date, the Grace Period Extension Date, the last day of the Notice Delivery Period (which for these purposes shall apply in the case of (a)(A) as well as (a)(D) above or, where Auction Settlement is specified as the applicable Settlement Method in the Applicable Pricing Supplement, the DC Determination Cut-off Date, as the case may be, has been postponed to the Postponed Cut-off Date, and:

where:

- (a) in the case of Credit Linked Condition 9(a), a Credit Event Determination Date has not occurred on or prior to the Postponed Cut-off Date or, in the case of Credit Linked Condition 9(b), the Repudiation/Moratorium Extension Condition is not satisfied on or prior to the Postponed Cut-off Date:

- (i) subject as provided below each Note will be redeemed by the Issuer at the Final Redemption Amount on the Postponed Maturity Date; and

- (ii) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay interest calculated as provided herein accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the Postponed Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or

- (b) where:

- (i) in the case of Credit Linked Condition 9(a), a Credit Event Determination Date has occurred on or prior to the Postponed Cut-off Date, the provisions of Credit Linked Condition 1 (*Redemption Following the Occurrence of a Credit Event*) and Credit Linked Condition 2 (*Auction Settlement*), Credit Linked Condition 3 (*Cash Settlement*) or Credit Linked Condition 4 (*Physical Settlement*), as applicable, shall apply to the Credit Linked Notes; or

- (ii) in the case of Credit Linked Condition 9(b), the Repudiation/Moratorium Extension Condition is satisfied on or prior to the Postponed Cut-off Date, the provisions of Credit Linked Condition 6 (*Repudiation/Moratorium Extension*) shall apply to the Credit Linked Notes.

For the purposes hereof:

"Postponed Cut-Off Date" means the fifteenth (15th) Business Day after the Scheduled Maturity Date, the relevant Repudiation/Moratorium Evaluation Date or Grace Period Extension Date, or the last date of the Notice Delivery Period or, where

Auction Settlement is specified as the applicable Settlement Method in the Applicable Pricing Supplement, the DC Determination Cut-off Date, as the case may be; and

"Postponed Maturity Date" means the fifth (5th) Business Day after the Postponed Cut-off Date.

10. PARTIAL CASH SETTLEMENT

- 10.1 If all or a portion of the Obligations comprising the Entitlement are Undeliverable Obligations and/or Hedge Disruption Obligations and are not Delivered on or prior to the Latest Permissible Physical Settlement Date, the Issuer shall give notice (a **"Partial Cash Settlement Notice"**) to the Noteholders in accordance with General Condition 16 (*Notices*) and the Issuer shall pay in respect of each Undeliverable Obligation and/or Hedge Disruption Obligation, as the case may be, the Partial Cash Settlement Amount on the Partial Cash Settlement Date.

In the Partial Cash Settlement Notice, the Issuer must give details of why it is unable to deliver the relevant Undeliverable Obligations or Hedge Disruption Obligation, as the case may be.

- 10.2 Unless otherwise specified in the Applicable Pricing Supplement, for the purposes of this Credit Linked Condition 10 (*Partial Cash Settlement*) only the following terms shall be defined as follows and such definitions will apply notwithstanding other definitions of such terms in Credit Linked Condition 12 (*Credit Linked Definitions*):

"Indicative Quotation" means, in accordance with the Quotation Method, each quotation obtained from a Quotation Dealer at the Valuation Time for (to the extent reasonably practicable) an amount of the Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, equal to the Quotation Amount, which reflects such Quotation Dealer's reasonable assessment of the price of such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, based on such factors as such Quotation Dealer may consider relevant, which may include historical prices and recovery rates.

"Market Value" means, with respect to an Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, on a Valuation Date, (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations; (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation; (v) if Indicative Quotations are specified as applying in the Applicable Pricing Supplement and exactly three Indicative Quotations are obtained, the Indicative Quotation remaining after disregarding the highest and lowest Indicative Quotations (and, if more than one such Indicative Quotations have the same highest or lowest value, then one of such highest or lowest Indicative Quotations shall be disregarded); (vi) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) then, subject to paragraph (b) of the definition of "Quotation" below, an amount as determined by the Calculation Agent on the next Business Day on which at least two Full Quotations or a Weighted Average Quotation or, if applicable, three Indicative Quotations are obtained; and (vii) if fewer than

two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) on the same Business Day on or prior to the tenth Business Day following the Valuation Date the Market Value shall be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.

There shall be no "**Minimum Quotation Amount**".

"**Partial Cash Settlement Amount**" is deemed to be, for an Undeliverable Obligation or a Hedge Disruption Obligation, as the case may be, an amount calculated by the Calculation Agent equal to the greater of (i) (A) the Outstanding Principal Balance, the Due and Payable Amount or the Currency Amount, as applicable, of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, multiplied by (B) the Final Price with respect to such Undeliverable Obligation or Hedge Disruption Obligation, determined as provided in this Credit Linked Condition less if applicable (C) a *pro rata* share of Unwind Costs, if any (but excluding any Unwind Costs already taken into account in calculating the relevant Entitlement), and (ii) zero provided that where (i) the relevant Undeliverable Obligation or Hedge Disruption Obligation forms part of the Asset Package and the Calculation Agent determines in its sole discretion that a Final Price cannot reasonably be determined in respect of such Undeliverable Obligation or Hedge Disruption Obligation, then the Partial Cash Settlement Amount will be an amount calculated by the Calculation Agent in its sole discretion equal to the fair market value of the relevant Undeliverable Obligation or Hedge Disruption Obligation less Unwind Costs.

"**Partial Cash Settlement Date**" is deemed to be the date falling three (3) Business Days after the calculation of the Final Price.

"**Quotation**" means each Full Quotation, the Weighted Average Quotation and, if Indicative Quotations are specified as applying in the Applicable Pricing Supplement, each Indicative Quotation obtained and expressed as a percentage of the Outstanding Principal Balance or Due and Payable Amount, as applicable, of the relevant Undeliverable Obligation or Hedge Disruption Obligation with respect to a Valuation Date in the manner that follows:

- (a) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Quotation Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the same Business Day within three (3) Business Days of a Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the tenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Quotation Dealers, and, if two or more Full Quotations are not available, a Weighted Average Quotation. If two or more such Full Quotations or a Weighted Average Quotation are not available on any such Business Day and Indicative Quotations are specified as applying in the Applicable Pricing Supplement, the Calculation Agent shall attempt to obtain three Indicative Quotations from five or more Quotation Dealers.
- (b) If the Calculation Agent is unable to obtain two or more Full Quotations or a Weighted Average Quotation (or, if Indicative Quotations are specified as applying in

the Applicable Pricing Supplement, three Indicative Quotations) on the same Business Day on or prior to the tenth Business Day following the Valuation Date, the Quotations shall be deemed to be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.

- (c) The Calculation Agent shall determine, based on the then current market practice in the market of the relevant Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, whether such Quotations shall include or exclude accrued but unpaid interest. All Quotations shall be obtained in accordance with this determination.

"Quotation Amount" is deemed to be, with respect to each type or issue of Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, an amount equal to at least the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency converted by the Calculation Agent by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Obligation or Hedge Disruption Obligations, as the case may be.

"Quotation Method" is deemed to be Bid.

"Reference Obligation" is deemed to be each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be.

"Valuation Method" is deemed to be Highest unless fewer than two Full Quotations are obtained or a Weighted Average Quotation applies (or, if applicable, Indicative Quotations), in which case "Valuation Method" is deemed to be Market.

"Valuation Time" is the time specified as such in the Applicable Pricing Supplement, or, if no time is so specified, 11:00 a.m. in the principal trading market for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be.

"Weighted Average Quotation" means, in accordance with the Quotation Method, the weighted average of firm quotations obtained from Quotation Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, with an Outstanding Principal Balance or Due and Payable Amount, as applicable, of as large a size as available but less than the Quotation Amount that in aggregate are approximately equal to the Quotation Amount.

11. SETTLEMENT SUSPENSION

Without prejudice to Credit Linked Condition 9 (*Maturity Date Extension*), if:

- (i) Auction Settlement is specified as the applicable Settlement Method in the Applicable Pricing Supplement; and

- (ii) following the determination of a Credit Event Determination Date but prior to the Physical Settlement Date or, to the extent applicable, a first Valuation Date, there is a DC Credit Event Meeting Announcement,

the Calculation Agent may, at its option, determine that the applicable timing requirements of these Credit Linked Conditions and the definitions of Cash Settlement Date, Valuation Date, Scheduled Maturity Date, Physical Settlement Period, PSN Cut-off Date, Valuation Obligation Observation Settlement Period and VSN Cut-off Date, and any other Credit Linked Condition provision(s) as determined by the Calculation Agent, shall toll and be suspended and remain suspended (such period of suspension, a "**Suspension Period**") until the date of the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal. The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection by Noteholders at the specified office of the Paying Agent. In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Where pursuant to paragraph (a)(iii), (a)(a)(iv) or (a)(v) or (b) above, more than one Successor has been identified, the Calculation Agent shall adjust such of the General Conditions, these Credit Linked Conditions and/or the Applicable Pricing Supplement as it shall determine to be appropriate to reflect that the Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of the General Conditions, these Credit Linked Conditions and/or the

Applicable Pricing Supplement in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Credit Linked Notes under the provisions of the 2014 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with General Condition 16 (*Notices*) stating the adjustment to the General Conditions, these Credit Linked Conditions and/or the Applicable Pricing Supplement and giving brief details of the relevant Successor event.

For purposes of this definition of "Successor", "succeeded" and "succession" shall be construed accordingly. In the case of an exchange offer, the determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

The Issuer shall publish the details of any Successor on SENS promptly following the determination thereof

15. CALCULATION AGENT NOTICES.

Any notice to be delivered by the Calculation Agent to the Issuer, as applicable, pursuant to these Credit Linked Conditions may be given in writing (including by facsimile and/or email) and/or by telephone. Any such notice will be effective when given, regardless of the form in which it is delivered. A notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of that notice within one Calculation Agent City Business Day of that notice. Failure to provide that written confirmation will not affect the effectiveness of that telephonic notice.

For the purposes of determining the day on which an event occurs for purposes of these Credit Linked Conditions, the Calculation Agent will determine the demarcation of days by reference to Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time) irrespective of the time zone in which such event occurred. Any event occurring at midnight shall be deemed to have occurred immediately prior to midnight.

In addition, if a payment is not made by the Reference Entity on its due date or, as the case may be, on the final day of the relevant Grace Period, then such failure to make a payment shall be deemed to have occurred on such day prior to midnight Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time), irrespective of the time zone of its place of payment.

Following publication of such Further DC Resolution or DC Resolution, as the case may be, the Note shall continue on the same terms and conditions as applied immediately prior to the Prior DC Resolution or Calculation Agent determination subject to the provisions of this Credit Linked Condition 17 (*Dc Resolution Adjustment Events*), any necessary amendments arising from the Prior DC Resolution or Calculation Agent determination that were not amended or reversed in the Further DC Resolution or DC Resolution, as the case may be, or any necessary new amendments arising in the Further DC Resolution or DC Resolution.

ANNEX 2

ADDITIONAL TERMS AND CONDITIONS FOR FX LINKED NOTES

The terms and conditions applicable to FX Linked Notes shall comprise the Terms and Conditions of the Notes set out above (the **General Conditions**) and the Additional Terms and Conditions for FX Linked Notes set out below (the **FX Linked Note Conditions**), in each case subject to replacement or modification to the extent specified in the Applicable Pricing Supplement. In the event of any inconsistency between the General Conditions and the FX Linked Note Conditions, the FX Linked Note Conditions shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the FX Linked Note Conditions and (ii) the Applicable Pricing Supplement, the Applicable Pricing Supplement, shall prevail.

1. NON-EM DISRUPTION AND VALUATION PROVISIONS

The provisions of this FX Linked Note Condition 1 (Non-Em Disruption and Valuation Provisions) apply unless EM FX Provisions are specified as applicable in respect of a Subject Currency in the Applicable Pricing Supplement.

(a) **Disruption Events**

The occurrence of any of the following events in respect of any Base Currency, Subject Currency and/or Subject Currencies shall be a "**Disruption Event**":

- (i) Price Source Disruption;
- (ii) Illiquidity Disruption;
- (iii) Dual Exchange Rate;
- (iv) General Inconvertibility;
- (v) General Non-Transferability;
- (vi) Material Change in Circumstance;
- (vii) Nationalisation; and/or

any other event that, in the opinion of the Calculation Agent, is analogous to any of (i) to (vii) above (inclusive).

The Calculation Agent shall give notice as soon as reasonably practicable to Noteholders in accordance with General Condition 16 (*Notices*) of the occurrence of a Disrupted Day on any day that but for the occurrence of the Disrupted Day would have been an Averaging Date or Settlement Price Date, as the case may be.

(b) **Consequences of a Disruption Event**

Upon the Calculation Agent determining that a Disruption Event has occurred or is continuing on any Averaging Date or Settlement Price Date, (or, if different, the day on which prices for that date would, in the ordinary course, be published by the relevant Price Source), in determining the consequences of the Disruption Event, the Calculation Agent shall apply the applicable Disruption Fallback.

"Disruption Fallback" means a source or method that may give rise to an alternative basis for determining the Settlement Price when a Disruption Event occurs or exists on a day that is an Averaging Date or Settlement Price Date (or, if different, the day on which prices for that date would, in the ordinary course, be published or announced by the Price Source). The Calculation Agent shall take the relevant actions specified in either (i), (ii) or (iii) below.

- (i) if an Averaging Date or Settlement Price Date is a Disrupted Day, the Calculation Agent will determine that the relevant Averaging Date or Settlement Price Date, as the case may be, shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day (in the case of the Strike Date or Valuation Date) or that is a Valid Date (in the case of an Averaging Date or Observation Date) unless each of the number of consecutive Scheduled Trading Days equal to the Specified Maximum Days of Disruption immediately following the originally scheduled Averaging Date or Settlement Price Date, as the case may be, is a Disrupted Day in which case the Calculation Agent may determine that the last such consecutive Scheduled Trading Day shall be deemed to be the Averaging Date or Settlement Price Date, as the case may be (irrespective, in the case of an Averaging Date or Observation Date, of whether that last consecutive Scheduled Trading Day is already an Averaging Date or Observation Date, as the case may be) and may determine the Settlement Price by using commercially reasonable efforts to determine a Settlement Price as of the Valuation Time on the last such consecutive Scheduled Trading Day taking into consideration all available information that it, in its sole and absolute discretion, may deem relevant; or
- (ii) if an Averaging Date or Settlement Price Date is a Disrupted Day but is not the Redemption Valuation Date, if Delayed Redemption on the Occurrence of a Disruption Event is specified as being not applicable in the Applicable Pricing Supplement, on giving notice to Noteholders in accordance with General Condition 16 (*Notices*), the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of such Note, less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payment shall be made in such manner as shall be notified to the Noteholders in accordance with General Condition 16 (*Notices*); or
- (iii) if an Averaging Date or any Settlement Price Date is a Disrupted Day but is not the Redemption Valuation Date, if Delayed Redemption on the Occurrence of a Disruption Event is specified as being applicable in the Applicable Pricing Supplement, the Calculation Agent shall calculate the Calculated FX Disruption Amount on the Calculated FX Disruption Amount Determination Date and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to (x) the Calculated FX Disruption Amount plus interest accrued on the Calculated FX Disruption Amount on a daily basis from and including the Calculated FX Disruption Amount Determination Date to but excluding the Maturity Date, each such daily accrual rate being at a rate equal to Issuer's funding cost on or about the relevant day or (y) if greater, its nominal amount.

2. EM CURRENCY VALUATION AND DISRUPTION PROVISIONS

The provisions of this FX Linked Note Condition 2 (*Em Currency Valuation and Disruption Provisions*) apply where EM FX Provisions are specified as applicable in respect of a Subject Currency in the Applicable Pricing Supplement.

(a) EM Disruption Events

If so specified in the Applicable Pricing Supplement, the occurrence of any of the following events, in respect of any Base Currency, Subject Currency and/or Subject Currencies, shall be an "**EM Disruption Event**":

- (i) Price Source Disruption;
- (ii) Illiquidity Disruption;
- (iii) Dual Exchange Rate;
- (iv) General Inconvertibility;
- (v) General Non-Transferability;
- (vi) Material Change in Circumstance;
- (vii) Nationalisation;
- (viii) Price Materiality; and/or

any other event that, in the opinion of the Calculation Agent, is analogous to any of (i) to (viii) above (inclusive).

The Calculation Agent shall give notice as soon as reasonably practicable to Noteholders in accordance with General Condition 16 (*Notices*) of the occurrence of a Disrupted Day on any day that but for the occurrence of the Disrupted Day would have been an Averaging Date or Settlement Price Date, as the case may be.

(b) Consequences of an EM Disruption Event

Upon the Calculation Agent determining that an EM Disruption Event has occurred or is continuing on any Averaging Date or Settlement Price Date, as the case may be (or, if different, the day on which prices for that date would, in the ordinary course, be published by the relevant EM FX Price Source), the Calculation Agent shall, in determining the consequences of the EM Disruption Event, take the relevant actions specified in either (i), (ii) or (iii) below:

- (i) apply:
 - (x) the applicable EM Disruption Fallback where the applicable EM Disruption Event is a Price Source Disruption or Price Materiality; otherwise
 - (y) EM Calculation Agent Determination where the applicable EM Disruption Event is other than Price Source Disruption or Price Materiality; or

- (ii) if an Averaging Date or Settlement Price Date is a Disrupted Day but is not the Redemption Valuation Date, if Delayed Redemption on the Occurrence of a Disruption Event is specified as being not applicable in the Applicable Pricing Supplement, on giving notice to Noteholders in accordance with General Condition 16 (*Notices*), the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of such Note, less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payment shall be made in such manner as shall be notified to the Noteholders in accordance with General Condition 16 (*Notices*); or
- (iii) if an Averaging Date or any Settlement Price Date is a Disrupted Day but is not the Redemption Valuation Date, if Delayed Redemption on the Occurrence of a Disruption Event is specified as being applicable in the Applicable Pricing Supplement, the Calculation Agent shall calculate the Calculated FX Disruption Amount on the Calculated FX Disruption Amount Determination Date and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to (x) the Calculated FX Disruption Amount plus interest accrued on the Calculated Foreign FX Disruption Amount on a daily basis from and including the Calculated FX Disruption Amount Determination Date to but excluding the Maturity Date, each such daily accrual rate being at a rate equal to Issuer's funding cost on or about the relevant day or (y) if greater, its nominal amount.

(c) **Unscheduled Holiday**

If the Calculation Agent determines that a date that would otherwise have been a Settlement Price Date or Averaging Date is an Unscheduled Holiday in respect of a Subject Currency, then such date shall be the immediately succeeding Scheduled Trading Day after the occurrence of the Unscheduled Holiday, subject as provided above, and Provided That if such Settlement Price Date or Averaging Date, as the case may be, has not occurred on or before the EM Maximum Days of Postponement then the next Scheduled Trading Day after such period that would have been a Scheduled Trading Day but for the Unscheduled Holiday shall be deemed to be the relevant date for valuation and the Settlement Price shall be determined by the Calculation Agent on such day in its sole and absolute discretion acting in good faith, having taken into account relevant market practice and by reference to such additional source(s) as it may deem appropriate.

(d) **EM Cumulative Events**

If "EM Cumulative Events" is specified as applicable in the Applicable Pricing Supplement in respect of a Subject Currency then, in no event shall the total number of consecutive calendar days during which a Settlement Price Date or Averaging Date is deferred due to either (i) an Unscheduled Holiday or (ii) an EM Valuation Postponement (or a combination of both (i) and (ii)) exceed the EM Maximum Cumulative Days of Postponement in the aggregate. If a Settlement Price Date or Averaging Date, as the case may be, is postponed by the number of calendar days equal to the EM Maximum Cumulative Days of Postponement and at the end of such period (i) an Unscheduled Holiday has occurred or is continuing on the day immediately following such period (the **Final Day**), then such Final Day shall be deemed to be the Settlement Price Date or Averaging Date, as the case may be, and (ii) if a Price Source Disruption has occurred or is continuing on the Final Day, then

Valuation Postponement shall not apply and the Settlement Price shall be determined in accordance with the next applicable EM Disruption Fallback.

(e) **Postponement of payment or settlement days**

Where any Settlement Price Date or Averaging Date is postponed as a consequence of the provisions of this FX Linked Note Condition 2, then the corresponding date for payment shall be postponed to the later of (a) the date for such payment otherwise determined in accordance with the Applicable Pricing Supplement and (b) the day falling the EM Number of Postponement Settlement Days specified in the Applicable Pricing Supplement (or, if none are so specified, two Business Days) after the last occurring Settlement Price Date or Averaging Date, as the case may be.

Where more than one EM Disruption Fallback is so specified then such EM Disruption Fallbacks shall apply in the order in which they are specified in the Applicable Pricing Supplement until the Settlement Price can be determined for such exchange rate relating to that Subject Currency for such Averaging Date or Settlement Price Date.

DESCRIPTION OF THE STANDARD BANK OF SOUTH AFRICA LIMITED

OVERVIEW

The Standard Bank of South Africa Limited ("**SBSA**" or the "**Bank**") is the largest bank in South Africa (measured by assets) as at 31 December 2015 and is a wholly-owned subsidiary of Standard Bank Group Limited ("**SBG**"). The Bank is a universal bank providing retail, corporate, commercial and investment banking services to individuals and companies across South Africa. The Bank considers itself to be both a strong domestic bank, and a cross-border bank, integrated within SBG's operations and business. SBSA plays a fundamental role in positioning the Standard Bank group to capitalise on the pace of growth in the rest of Africa. SBSA is the head office for SBG's African focus and provides the springboard for SBG's strategy: the capacities developed by SBSA's South African operations provide the foundation of knowledge and experience required in markets in sub-Saharan Africa. As SBG's largest operating entity, SBSA provides balance sheet capacity on which to book deals executed in support of SBG's African strategy. All references herein to "**SBSA Group**" are to SBSA and its subsidiaries and all references to the "**SBG Group**" are to SBG and its subsidiaries.

As at 31 December 2015, SBSA Group had total assets of R1,276,953 million (compared to R1,131,150 million as at 31 December 2014) and had profit attributable to the ordinary shareholder of R12,478 million for the year ended 31 December 2015 (R11,674 million for the year ended 31 December 2014).

Originally founded in 1862, the Bank was a member of Standard Chartered Bank group ("**Standard Chartered**") until 1987. Since that time, the Bank has focused on consolidating its position as the premier universal bank in South Africa, while its parent company, SBG, has an operational footprint in 20 African countries. SBG is a leading African integrated financial services group offering a full range of banking and related services. SBG's vision is to be the leading financial services organisation in, for and across Africa by delivering exceptional client experiences and superior value.

SBG was listed on the Johannesburg Stock Exchange, operated by JSE Limited (the "**JSE**") in 1970 and owns a controlling stake in the South African-listed, wealth management group, Liberty Holdings Limited. SBG operates as three business units: (1) Personal & Business Banking, (2) Corporate & Investment Banking and (3) Wealth. The Bank is the largest business entity within the SBG Group and represents nearly all of SBG's South African operations in Personal & Business Banking and Corporate & Investment Banking.

SBSA operates through two principal business units:

- (1) Personal & Business Banking SA (including the Wealth business); and
- (2) Corporate & Investment Banking SA.

Personal & Business Banking SA provides banking and other financial services to individual customers and small-to-medium sized enterprises, in particular, mortgage lending, instalment sale and finance leases, card products, transactional and lending products and bancassurance. SBSA also provides mobile phone and internet banking services. For the year ended 31 December 2015, Personal & Business Banking SA recorded profits attributable to the ordinary shareholder of R 9,616 million, constituting 77 per cent. of SBSA group's total profit attributable to the ordinary shareholder (compared to R8,601 million and 74 per cent., respectively, for the year ended 31 December 2014). As at 31 December 2015, assets attributable to Personal & Business Banking SA constituted 39 per cent. of SBSA Group's total assets (42 per cent. as at 31 December 2014).

Corporate & Investment Banking SA provides corporate and investment banking services to governments, parastatals, large corporates, financial institutions and international counterparties and includes global markets, transactional products and services, investment banking and real estate. Corporate & Investment Banking SA contributed 33 per cent. of SBSA group's profit attributable to the ordinary shareholder for the year ended 31 December 2015 (30 per cent. for the year ended¹ 31 December 2014) and constituted 57 per cent. of its total assets as at 31 December 2015 (54 per cent. as at 31 December 2014). The Bank is incorporated in South Africa as a limited liability company and operates under South African law. The Bank's registered address is 9th Floor, Standard Bank Centre, 5 Simmonds Street, Johannesburg, PO Box 7725, Johannesburg 2000, South Africa (telephone number: + 27 11 636 9111).

HISTORY

SBSA is one of the oldest banks in South Africa having originally been incorporated in London as The Standard Bank of British South Africa Limited in 1862. The word "British" was dropped from the Bank's name in 1883. SBSA commenced operations in Port Elizabeth in 1863 and gradually expanded its geographic area of operation to include the whole of South Africa. In 1962, SBSA was formed and registered as a South African company, operating as a subsidiary of Standard Bank in London (subsequently to become Standard Chartered Bank plc).

SBSA is a wholly-owned subsidiary of SBG, formerly known as Standard Bank Investment Corporation Limited, which was established in 1969 as the holding company for SBSA. SBG continued as a member of Standard Chartered until 1987 when Standard Chartered plc sold its 39 per cent. ownership of SBG to Liberty Group Limited ("**Liberty**"), transferring complete ownership of the holding company to South Africa. In July 1978, SBG accepted an offer of a 25 per cent. shareholding in a new insurance company, Liblife Controlling Corporation (Proprietary) Limited ("**LCC**"), which was formed to acquire a controlling interest in the Liberty group's Liberty Holdings. SBG's equity interest in LCC was increased from 25 per cent. to 50 per cent. in July 1983. The acquisition ensured joint control of the Liberty group with Liberty Investments. In February 1999 Standard Bank agreed to purchase Liberty Investments' 50 per cent. interest in LCC.

Liberty now operates as a subsidiary of SBG and is therefore an affiliate of SBSA (see "*Corporate Structure*" below).

Effective 3 March 2008, SBG concluded a strategic partnership which resulted in the Industrial and Commercial Bank of China Limited ("**ICBC**") becoming a supportive, non-controlling 20.1 per cent. minority shareholder in SBG.

SBG entered into an agreement on 29 January 2014 in terms of which ICBC would upon completion acquire a controlling interest in the SBG Group's non-Africa business, focusing on commodities, fixed income, currencies, credit and equities products. Under the agreement, ICBC acquired 60 per cent. of Standard Bank Plc from Standard Bank London Holdings for cash.

Standard Bank Plc was, until 31 January 2015, wholly owned by Standard Bank London Holdings Limited, which in turn is a wholly owned subsidiary of SBG.

¹ These figures do not reflect indirect support costs which are borne by Other Services SA. Other Services SA provides centralised support and back office functions to the principal business units. The direct costs of the various support functions are re-charged to the relevant business unit.

STRATEGY

SBG divides its business structure into three business pillars: (1) Personal & Business Banking, (2) Corporate & Investment Banking, and (3) Wealth, which includes the SBG Group's majority shareholding in the Liberty Group. SBSA represents nearly all of SBG's South African operations in both Personal & Business Banking and Corporate & Investment Banking and is the largest business entity within the SBG Group.

SBG's strategic focus is on Africa. SBG regards the Bank's business in South Africa as its core operation, from which SBG develops its strategic focus in Africa. As the SBG Group's largest business entity, the Bank's balance sheet is regarded as an important resource for the SBG Group. Certain foreign currency transactions that are too large for the balance sheets of SBG Group's local

operations are funded by SBSA. This increases capital utilisation in South Africa. SBSA therefore cannot be viewed as self-standing or directly comparable to some of its domestic competitors as it carries assets from entities outside South Africa on its balance sheet and bears costs on its income statement that are attributable to SBG as well as related revenues where applicable.

The Bank is both a strong domestic bank, which leverages the advantages of its considerable size and scope, and a cross-border bank, fully integrated with the rest of the SBG Group. The Bank aims to achieve a wide diversification of revenue streams and embraces a universal bank model with strong retail, commercial and investment banking activities. The Bank's strategy is to serve the full value chain of customers in South Africa (from the basic to the most sophisticated of financial services needs), such that high standards of customer service can be maintained whilst ensuring that delivery channels are cost effective. The key elements of the Bank's strategy are as follows:

Personal & Business Banking SA

Focus on growing customer base in chosen segments and delivering an excellent and consistent customer experience

The Bank operates in a fiercely competitive market and in response to this fast changing environment, it focuses on growing market share in selected market segments, on understanding and delivering excellent service to its customers and being efficient in delivering those services. The Bank's focus is on growing market share in relatively affluent markets and among small and medium enterprises, especially those which intend to expand into the rest of Africa, for which it provides a dedicated 'Africa desk'. It is systematically re-engineering many of the processes and channels through which customers interact with the Bank with the aim of radically improving customer experience. It also continues to update its digital services. For instance, it now offers customers using its Mobile Banking application the ability to trade shares in South Africa and on 29 international exchanges and to submit insurance claims for homeowners' cover using photographs taken with a smartphone. The Bank also continues to develop and promote its mobile payments solutions for merchants, and to update the interface offered to its business and commercial banking clients.

Investment in information technology ("IT") infrastructure, to improve efficiency, effectiveness and innovation

The Bank's IT transformation programme is designed to create a digital bank able to adapt continuously to client demands for increased availability and higher levels of flexibility and agility.

The Bank continues to make significant progress in its aim of a comprehensive overhaul of its core banking systems through building a robust new IT architecture to deliver its strategy as a fully digital financial services company.

During 2015, the Bank completed the migration of 34 million customer profiles from various legacy systems on to a single customer master file which forms the foundation for capturing and analysing customer data more effectively.

The replacement of the Bank's core banking system is a key enabler of the Personal & Business Banking SA vision and allows the Bank to be agile and responsive in meeting the needs of customers. The new system is more efficient and places the customer at the centre. The Bank believes that the comprehensive nature of the core banking system transformation, which involves the overhaul of both back-office and front-end functions simultaneously, will afford the Bank a powerful competitive advantage and improve the Bank's business and operating model.

Attracting retail deposits

The Bank continues to focus on acquiring primary transaction and deposit accounts. These retail deposits reduce the Bank's reliance on expensive wholesale funding and assist in building a track record of customer cash flows and customer information to enable more accurate risk assessment. The Bank maintained its leading market share in South Africa for retail deposits in 2015 according to the SARB BA 900 report for 31 December 2015.

As part of the Bank's strategy to acquire retail deposit accounts, in 2015 the Bank sought to price its account products very competitively. For example, the Bank has kept fee increases for personal customers below inflation and offers transactional accounts which provide a number of transactional services for free such as electronic account payments and cash withdrawals at retailer till points. The Bank's marketing has also focused on attracting retail deposits. For instance, the Bank offers retail customers an attractive reward system, UCount, which allows certain customers to earn rewards with a financial value greater than their banking fees.

Business and commercial banking: supporting African expansion

The Bank's business and commercial banking unit serves more than 500,000 businesses and maintained the largest share of the business and commercial banking market in South Africa in 2015 according to the SARB BA 900 report for 31 December 2015. Business banking serves businesses with an annual turnover of between R20 million and R300 million per annum. Commercial banking serves businesses with an annual turnover of between R300 million and R1.2 billion per annum. The Bank's strategy is to attract and retain smaller businesses in South Africa and to assist them in expanding into fast-growing economies in the rest of Africa with the help of its 'Africa desk'. The 'Africa desk' provides market information, assists South African customers to open accounts with SBG Group subsidiaries in other African countries and assists businesses to understand and comply with local regulatory requirements.

Focus on growing market share in Wealth segment

The Bank's view is that a substantial Wealth (Insurance and Asset Management) business is an essential component of a customer-centric universal bank. Equally, in the current regulatory environment, capital-light Wealth businesses make an important contribution to enhancing the Bank's return on equity. Furthermore, management believes that the Bank's market share in the Wealth segment is significantly less than its market share in other segments. SBSA's management therefore intends to leverage the Bank's strong brand and large network to grow its market share in the Wealth segment, both by manufacturing and distributing its own products and through the Bank's bancassurance agreement with its affiliate Liberty.

During 2015, SBSA continued to align its Wealth businesses under a consolidated management team headed by the Chief Executive of the Wealth business and the Bank adjusted its product and advisory services to ensure it serves the unique needs of individual customers. For instance, our investment advisors are now using a goal-based investing approach which will be supported by a new range of retail mutual funds. This was a proactive response to the pending introduction of substantial changes to the regulation of Wealth products and services in South Africa which are aimed at making the incentives and remuneration of investment advisors more transparent, increasing competition in the Wealth market and providing customers with more value for Wealth products.

During 2015, the Wealth unit also completed work on the development of a more comprehensive range of offshore products and continued to widen and deepen the Bank's relationship with Liberty.

Corporate and Investment Banking SA

The Bank's South African Corporate and Investment Banking unit continues to maintain SBSA's current market-leading position and defend its franchise against intensifying competition through increased innovation and flexibility. SBSA aims to remain positioned and resourced to participate in advisory, public private partnership financing, state-owned enterprise financing, infrastructure funds, hedging and capital market debt raising.

Organic Growth through client centricity and capturing deal flow

The Bank's client coverage model is the cornerstone of its strategy and defines how it offers value to clients. Under this model, each client is allocated a relationship manager who establishes a client service team with representatives across Corporate & Investment Banking SA and the other business units as necessary in order to develop a complete understanding of its clients' needs and prospects and to provide them with a seamlessly integrated universal financial services solution.

Despite the challenging macroeconomic conditions experienced in 2015, the Bank has benefited from its ability to support the expansion of many corporate clients into African markets beyond South Africa.

The Bank expects that the South African government ("**Government**") will continue to invest heavily in infrastructure, largely through its State-Owned Companies (including Eskom and Transnet), but increasingly also through procuring energy and transport infrastructure from private sector providers, as announced in the 2016 State of the Nation and Budget Speeches. The Government expects to spend R870 billion on new public sector infrastructure over the next three years according to the 2016 Budget Speech, while also remaining committed to a stabilising the public debt-to-GDP ratio, largely by improving the quality of expenditure and moderating the growth of recurring expenditure. SBSA's management anticipates that, if successful, this approach should boost investor confidence and should provide significant opportunities for deal flows for Corporate & Investment Banking SA.

COMPETITIVE STRENGTHS

The Bank believes that it has the following competitive strengths:

Market position in key products

SBSA offers a wide range of retail, commercial and investment banking products. The Bank is one of the four major South African banks. According to the SARB BA 900 Filings as at 31 December 2015, in the 5 product categories tracked by the SARB, SBSA held a market share of 29.9 per cent. of mortgage lending at 31 December 2015 (31 December 2014: 30.3 per cent.), 18.7 per cent. of instalment finance at 31 December 2015 (31 December 2014: 17.7 per cent.), 26.9 per cent. of card debtors at 31 December 2015 (31 December 2014: 27.4 per cent.), 20.8 per cent. of unsecured lending (31 December 2014: 20.9 per cent.) and 23.4 per cent. of deposits at 31 December 2015 (31 December 2014: 24.2 per cent.). According to the SARB BA 900 Filings as at 31 December 2015, SBSA's market share in mortgage advances, unsecured lending and deposits is the largest of the four major South African banks.

Diverse revenue sources

As a universal bank, the Bank is able to generate revenue from diverse sources including net interest income from its lending portfolio, fees and trading profits from corporate advisory services, foreign exchange and derivatives, stock and bond trading and transactional services.

Loan portfolio performance

Since 2010, the Bank's total loan portfolio has grown from R536,188 million to R897,344 million as at 31 December 2015, while actual write-offs decreased from 1.18 per cent. of average advances in 2010 to 0.84 per cent. in 2015. This was primarily due to improved strategy for collections, effective rehabilitation and improved credit impairment modelling across products.

Experienced management team

The Bank's senior management has experience both at the Bank and at other institutions throughout the banking industry. The Bank's position in the market has allowed it to attract top managers from across the industry, both domestically and abroad. Managers are dedicated to the goals of the institution. A compensation structure that includes both short and long-term incentive plans assists in retaining key managers and leads to continuity in business operations.

Position within SBG Group

The Bank is both a strong domestic bank, which leverages the advantages of its size and scope, and a cross-border bank, fully integrated with the rest of the SBG Group.

SBG Group's competitive positioning as an African bank which operates in a number of African countries and a strong resources focus gives Corporate & Investment Banking SA access to revenue opportunities beyond the borders of South Africa. It also provides commercial opportunities, experience expertise, and intellectual capital from other SBG Group entities to Corporate & Investment Banking SA which both enhances the offering to clients and enables the Bank to better manage risk.

BUSINESS OF THE BANK

Introduction

SBSA is a universal bank providing retail, corporate, commercial and investment banking services to individuals and companies across South Africa. SBSA has a broad franchise and is active in almost all banking markets in South Africa.

SBSA's principal business units are Personal & Business Banking SA, and Corporate & Investment Banking SA. A central support area (Other services) provides support functions to the two principal divisions, as well as advisory services.

As at 31 December 2015, SBSA Group's total assets amounted to R1,276,953 million (compared to R1,131,150 million as at 31 December 2014), an increase of 12.9 per cent. For the year ended 31 December 2015, SBSA's profit attributable to the ordinary shareholder increased by 6.9 per cent. to R12,478 million from R11,674 million for the year ended 31 December 2014.

For the year ended 31 December 2015, the Bank's total income increased by 7.1 per cent. to R61,305 million, driven by a 7.6 per cent. increase in net interest income and a 6.6 per cent. increase in non-interest revenue. Net interest income for this period benefited from positive endowment effect of higher average interest rates, improved margins and growth in average assets balances. This was partly offset by competitive pricing in Corporate & Investment Banking SA, higher funding costs and the effect of additional low margin high-quality liquid assets ("**HQLA**") held to meet Basel III liquidity requirements. Net fee and commission income for the year ended 31 December 2015 grew by 1.5 per cent. compared to growth of 10.8 per cent. for the year ended 31 December 2014. This decrease in the rate of growth of net fee and commission income was mainly due to a reduction in interchange rates from 1 March 2015 and lower advisory, commitment, upfront and guarantee fees,

partly offset by increased account transaction fees and card based commissions. Trading revenue for the year ended 31 December 2015 increased by 21.3 per cent. compared to the year ended 31 December 2014 driven by revenue growth in equities and commodities, assisted by client transactional activities. Other revenue for the year ended 31 December 2015 benefited from fair value gains in the strategic investment portfolios.

Credit impairment for the year ended 31 December 2015 decreased to R7.4 billion, a 6.2 per cent. decrease on the prior year driven by an improved risk profile in mortgage lending, vehicle and asset finance and business lending portfolios. Staff costs increased due to annual salary increases, the impact of converting temporary staff to permanent staff linked to changes in labour legislation effective 1 April 2015 and higher headcount in the innovation and digital banking specialist areas. Other operating expenses increased largely as a result of higher IT spend, increased amortisation due to core banking and cross-border payments systems as well as additional professional fees linked to work on various regulatory projects and outstanding legal matters. Impairment of intangible assets were required, linked to select components of the core banking and cross-border payments systems going live, as well as the decommissioning of certain subledger accounting systems which had become redundant, as part of a process of standardisation.

The following table shows the contribution of the different divisions within SBSA to its major financial indicators as at, and for the years ended, 31 December 2015 and 31 December 2014:

Performing loans

Neither past due nor specifically impaired loans are loans that are current and fully compliant with all contractual terms and conditions. Normal monitoring loans within this category are generally rated 1 to 21, and close monitoring loans are generally rated 22 to 25 using the Bank's master rating scale.

Early arrears but not specifically impaired loans include those loans where the counterparty has failed to make contractual payments and payments are less than 90 days due, but it is expected that the full carrying value will be recovered when considering future cash flows, including collateral. Ultimate loss is not expected but could occur if the adverse conditions persist.

Non-performing loans

Non-performing loans are those loans for which:

- The Bank has identified evidence of default, such as a breach of a material loan covenant or condition, or
- Instalments are due and unpaid for 90 days or more.

Non-performing but not specifically impaired loans are not specifically impaired due to the expected recoverability of the full carrying value when considering the recoverability of discontinued future cash flows, including collateral.

Non-performing specifically impaired loans are those loans that are regarded as non-performing and for which there has been a measurable decrease in estimated future cash flows. Specifically impaired loans are further analysed into the following categories:

- Substandard: Items that show underlying well-defined weaknesses and are considered to be specifically impaired;
- Doubtful: Items that are not yet considered final losses due to some pending factors that may strengthen the quality of items; and
- Loss: Items that are considered to be uncollectible in whole or in part. The Bank provides fully for its anticipated loss, after taking collateral into account.

Renegotiated Loans

Renegotiated loans and advances are exposures which have been refinanced, rescheduled, rolled over or otherwise modified due to weaknesses in the counterparty's financial position where it has been judged that normal repayment will likely continue after the restructuring. Loans renegotiated in 2014 that would otherwise be past due or impaired comprised R4.3 billion.

During 2015, SBSA Group adopted the SARB directive D7/2015 which requires distressed restructures that are in a default or early arrears status to retain such status for a minimum period of six months to ensure that the minimum payment requirements are met. Consequently, the adoption of the directive has resulted in renegotiated loans being reflected as past due or impaired rather than as performing as historically was applied. Accordingly, no disclosure has been provided of loans that were renegotiated in 2015 on a similar basis to that provided for 2014, since such disclosures would not be directly comparable with one another.

GOVERNANCE OVERVIEW

SBSA's governance framework is derived from SBG's governance framework, which in turn is based on principles in the King Report on Governance for South Africa 2009 (King Code). This governance framework enables the board of directors of SBSA (the "**SBSA Board**") to balance its role of providing risk oversight and strategic counsel with ensuring adherence to regulatory requirements and risk tolerance. The SBSA Board is ultimately responsible for governance. The chairman is an independent non-executive and the roles of chairman and chief executives are separate. This board composition ensures there is a balance of power on the SBSA Board, so no individual or group can dominate the SBSA Board's processes or decision making, and stimulates robust challenge and debate. In discharging its responsibilities, the SBSA Board delegates authority to relevant board committees and individuals with clearly-defined mandates and delegated authorities, although the SBSA Board retains its responsibilities. Each committee has a mandate, which the SBSA Board reviews at least once a year. Mandates for each committee set out its role, responsibilities, scope of authority, composition, terms of reference and procedures. The SBSA Board's committees include the directors' affairs committee; audit committee; risk and capital management committee; and SBSA large exposure credit committee. The executive committee assists the chief executive in the day-to-day management of the affairs of the Bank, subject to statutory parameters and matters reserved for the SBSA Board. The SBSA Board delegates responsibility for compliance to management and monitors this through the compliance function and a dedicated regulatory and legislative oversight function.

Conflicts of Interest

All of the directors of the Bank are also directors or prescribed officers of SBG and they therefore also owe duties in that capacity to SBG as well as to the Bank. Since the directors of the Bank are also directors of SBG, it is unlikely but possible that decisions made by the directors which are in the best interests of SBG and/or the SBG Group taken as a whole may not in every case be in the best interests of the Bank.

In addition, Ben Kruger, Myles Ruck and Sim Tshabalala serve as directors of subsidiaries of SBG other than the Bank. These directors therefore also owe duties in that capacity to those companies as well as to the Bank. It is possible that the duties which these persons owe to those companies may potentially conflict with their duties to the Bank.

The Bank engages in transactions with some of SBG's subsidiaries, including transactions in the ordinary course of business.

The Bank's approach to managing compliance risk, including identifying and managing conflicts of interest, is proactive and premised on internationally-accepted principles of risk management. Its compliance risk management is a core risk management function and is overseen by the SGB Group chief compliance officer. The Bank's compliance framework is based on the principles of effective compliance risk management as outlined in the Banks Act and recommendations from international policy-making bodies. The Bank is also subject to, and complies with, the applicable requirements of the South African Companies Act, 2008 (the "**Companies Act**") relating to potential conflicts of interest. These requirements include, amongst other things, an obligation on directors to file with the SBG Group company secretary a list of all of their directorships and to declare the nature of any conflict of interest before the relevant matter is considered by the SBSA Board. In addition, any director with a personal financial interest in any matter presented for consideration by the SBSA Board has to comply with section 75 of the Companies Act which provides, among others, that if a director of a company has a personal financial interest in respect of a matter to be considered at a meeting of the SBSA Board or knows that a related person has a financial interest in the matter, the

director must disclose the interest and its general nature before the matter is considered and must not take part in the consideration of the matter.

EMPLOYEES

For the year ended 31 December 2015, the SBSA Group had 32,442 employees (compared to 27,154 employees for the year ended 31 December 2014). For the year ended 31 December 2015, approximately 53.5 per cent. of the Bank's employees worked in the Personal & Business Banking SA segment of the Bank (48.6 per cent. for the year ended on 31 December 2014) whereas 9.9 per cent. worked in the Corporate & Investment Banking SA segment during the same period (3.9 per cent. for the year ended on 31 December 2014). The remaining 36.6 per cent. of employees worked in the central and other services segment within the Bank (47.5 per cent. for the year ended on 31 December 2014).

A significant number of SBSA Group's non-managerial employees are represented by trade unions. SBSA Group has not experienced any significant strikes or work stoppages in recent years.

SBSA Group has developed employment policies to meet the needs of its different business segments in the locations in which they operate, embodying principles of equal opportunity. The Bank has a statement of business standards with which it expects its employees to comply, it encourages involvement of employees in the performance of the business in which they are employed and aims to achieve a sense of shared commitment.

Competitors

As at 31 December 2015, there were 10 locally controlled banks, 6 foreign controlled banks, 3 mutual banks, 15 local branches of foreign banks, 2 banks in liquidation and 38 foreign banks with approved representative offices in South Africa. According to the SARB BA 900 report for 31 December 2015, the banking sector in South Africa had total assets of R4.8 trillion as at 31 December 2015. SBSA's principal competitors are ABSA Bank Limited, FirstRand Bank Limited, and Nedbank Limited. Apart from SBSA, these represent the largest banks in South Africa. The following table sets out total assets and capital and reserve for each:

	<u>Total assets</u>	<u>Capital and reserves</u>

ABSA Bank Limited	926,526	57,256

The Bank operates in a highly competitive environment. The economic pressures experienced in developed economies have caused banks based in those jurisdictions to seek out growth opportunities

within South Africa. As banks in developed economies are often able to benefit from lower costs of funding, this has resulted in greater competition for the Bank within South Africa and other emerging markets.

CAPITAL ADEQUACY

The Bank's capital management function is designed to ensure that regulatory capital requirements are met at all times and that the Bank and its principal subsidiaries are capitalised in line with the Bank's risk appetite and target ratios, both of which are approved by the SBG Board and SBSA Board. The Bank manages its capital levels to support business growth, maintain depositor and creditor confidence, create value for shareholders, and ensure regulatory compliance.

The Bank is subject to regulatory capital requirements imposed by the Banks Act and regulations promulgated under section 90 of the Banks Act (as amended and/or replaced from time to time) (with the most recent iteration published on 20 May 2016 in Government Gazette No. 40002) (the "**Regulations Relating to Banks**").

The SARB adopted the Basel III regulatory framework ("**Basel III**") introduced by the Basel Committee on Banking Supervision ("**BCBS**") from 1 January 2013 and the Bank has been compliant with the minimum requirements from that date. The Bank is well positioned to comply with the requirements that are subject to phase-in rules when they become effective.

The Banks Act and Regulations Relating to Banks require SBG and SBSA to maintain a minimum level of capital based on SBG's and SBSA's risk-weighted assets. Regulatory capital adequacy is measured via three risk-based ratios, namely common equity tier I, tier I and total capital adequacy ratios. These measures of capital are stated as a percentage of risk-weighted assets.

Common equity tier I capital comprises ordinary share capital, share premium, retained earnings and qualifying non-controlling interest less impairments. Tier I capital comprises common equity tier I and other qualifying non-controlling interest plus perpetual, non-cumulative instruments with principal loss absorption features issued under the Basel III rules. Perpetual non-cumulative preference shares issued under Basel I and II are included in tier I capital but are subject to regulatory phase-out requirements over a 10 year period which commenced on 1 January 2013, whilst total capital also includes other items such as the general allowance for credit impairments and subordinated debt with principal loss absorption features issued under the Basel III rules. Subordinated debt issued under Basel I and II is included in total capital but is subject to regulatory phase-out requirements over a 10 year period which commenced on 1 January 2013.

Risk weighted assets are calculated in terms of the Banks Act and related regulations, which are aligned with Basel III.

For the year ended 31 December 2015, the Bank's common equity tier I capital adequacy ratio and tier I capital adequacy ratio was 12.1 per cent. compared to its internally set target range of 10.0 – 11.0 per cent and 11.0 – 12.0 per cent. respectively while its total capital adequacy ratio was 15.3 per cent compared to its internal target range of 14.0 – 15.0 per cent.

The SARB adopted the leverage framework that was issued by the BCBS in January 2014, with final calibrations expected by 2017. Formal disclosure requirements commenced from 1 January 2015 and the rate is expected to transition to a pillar 1 requirement by 2018. The non-risk based leverage measure is designed to complement the Basel III risk based capital framework. The Bank's leverage ratio inclusive of unappropriated profit was 5.3 per cent as at 31 December 2015 (December 2014: 5.2 per cent), in excess of the SARB minimum requirement of 4 per cent.

The following table sets out the Bank's tier I and tier II capital excluding unappropriated profit for the years ended 31 December 2015 and 31 December 2014, on a Basel III basis:

BASEL III

Banks in South Africa adopted Basel III with effect from 1 January 2013. Basel III aims to enhance financial stability globally by increasing the quality and level of capital to be held by banks, extending the risk framework coverage, by introducing new liquidity ratios and also a non-risk based leverage ratio. The BSD of the SARB commenced with its implementation from 1 January 2013 by way of the Regulations Relating to Banks, and Banks in South Africa have thus adopted the Basel III accord.

The SBG Group has approval from the SARB to use the advanced internal ratings-based ("**AIRB**") approach for its credit portfolios in SBSA. For internal management purposes, the SBG Group utilises AIRB measures and principles wherever possible. Further, the SBG Group has approval from the SARB to adopt the market-based approach for certain equity portfolios in SBSA and has approval for using the advanced measurement approach ("**AMA**") operational risk framework. Furthermore, the SBG Group also has approval from the SARB to use the "internal models approach" for most trading product groups and across most market risk types for SBSA.

In Basel III, the BCBS introduced significant changes to the Basel II framework, including, amongst others:

Capital

The quality, consistency and transparency of the capital base levels are increased. In the new framework, the regulatory deductions should mainly be applied to the common equity component of the capital base. Further, to be eligible as Tier I and Tier II capital, instruments need to meet more stringent requirements than were applied under Basel II.

The Basel III framework introduces a capital conservation buffer of 2.5 per cent. on top of these minimum thresholds. If a bank does not meet this buffer, constraints will be imposed on the bank's capital distribution, such as dividends. Also, in periods of excess growth, banks will be required to hold an additional countercyclical buffer of up to 2.5 per cent. in order to avoid facing restrictions.

Leverage Ratio

The BCBS has also proposed a requirement that effective from 1 January 2017 the risk-sensitive capital framework be supplemented with a non-risk based measure, the leverage ratio (the "**Leverage Ratio**"). The Leverage Ratio is calculated as the Tier I capital divided by the exposure (being on and off-balance sheet exposures, with certain adjustments for selected items such as derivatives). The implementation of the leverage ratio requirements has already begun. It is envisaged that the final calibration of the leverage ratio and any further definition amendments will be completed by 2017 with a view to a Pillar 1 treatment on 1 January 2018.

Liquidity

Another key component of the Basel III framework is the introduction of increased regulations for liquidity risks. The objective of the liquidity reform is to improve the banking sector's ability to absorb shocks arising from financial and economic stress, whatever the source, thereby reducing the risk of spillover from the financial sector to the real economy.

The BCBS has developed two new quantitative liquidity standards as part of the Basel III framework; namely the LCR (being phased-in from 1 January 2015) and the net stable funding ratio NSFR (effective 1 January 2018). The LCR's objective is to measure the Bank's ability to manage short-term liquidity stress and ensure the appropriate holding of surplus qualifying liquid assets. The NSFR's objective is to measure the group's long-term structural funding stability in order to address the structural liquidity mismatch inherent in banking operations. Both the LCR and NSFR calculations are subject to an observation period prior to implementation such that any unintended consequences can be identified.

The BCBS has also put a more stringent regulatory framework into place for the monitoring of intraday liquidity risk. Management of intraday liquidity risk forms a key element of a bank's overall liquidity risk management framework. The mandatory tools introduced by the BCBS are for monitoring purposes, and only international active banks will be required to apply them. National

regulators will determine the extent to which the tools apply to banks that only operate domestically within their jurisdictions. Monthly reporting on the monitoring tools commenced on 1 January 2015.

Risk-Weighting

Further significant changes, under the Basel III framework relate to the capital requirements for counterparty credit risk in over-the-counter ("OTC") derivatives, securitisations and exposures to banks and other financial intermediaries.

Counterparty Credit Risk

The BCBS has finalised the rules for the standardised approach for counterparty credit risk ("SA-CCR"). From 1 January 2017, the SA-CCR will be used to calculate the counterparty credit risk exposure associated with OTC derivatives, exchanges traded derivatives and long settlement transactions. The new SA-CCR is more risk sensitive than previously, limits the need for discretion by national authorities, minimises the use of banks' internal estimates and avoids undue complexity.

Securitisation Framework

The BCBS has finalised changes to the Basel securitisation framework. The new framework provides a revised set of approaches for determining the regulatory capital requirements in relation to securitisation exposures with the aim of reducing mechanistic reliance on external ratings, increasing risk weights for highly rated securitisation exposures, reducing risk weights for low-rated securitisation exposures, reducing cliff effects (where small changes in the quality of an underlying pool of securitised exposures quickly leads to significant increases in capital requirements) and making the framework more risk-sensitive.

Fundamental Review of the Trading Book

Some initial measures to improve market risk were introduced by the BCBS in 2009 (known as "Basel 2.5"). The BCBS recognised that these incremental changes to the market risk framework were only temporary, and that further measures were required to improve trading book capital requirements. The new market risk framework ("**Fundamental Review of the Trading Book**") was published on 14 January 2016 and is to be adopted before 1 January 2019.

Additional proposals in relation to the implementation of Basel III remain under consideration and current proposals include:

Interest Rate Risk in the Banking Book

Arising from the Fundamental Review of the Trading Book, the Bank of International Settlement appointed a team to evaluate and refine the existing Pillar 2 treatment for spread risk in the banking book.

Standardised Approaches and capital floors

The standardised approaches for credit risk, operational risk and counterparty credit risk are being revised. It seems the regulatory intention is also to potentially apply these standardised approaches in the calculation of capital floors for the portfolios using internal models to calculate regulatory capital requirements.

Reducing variation in IRB credit risk

The BCBS is consulting on changes to the advanced internal ratings based approach (A-IRB) and the foundation internal ratings based approach (F-IRB) with comments to be submitted by 24 June 2016. The proposed changes aim to reduce the complexity of the regulatory framework and improve comparability and address excessive variability in the capital requirements for credit risk.

Sovereign Risk

The BCBS has initiated a review of the existing regulatory treatment of sovereign risk.

Systemically important financial institutions ("SIFIs")

The guidance developed by the BCBS and the Financial Stability Board form the basis for the requirements of domestic systemically important banks in South Africa. South African banks have developed their recovery plans in line with global standards. The specific "domestic systemically important bank" ("**DSIB**") capital requirements have been applied to the relevant banks from 1 January 2016.

Recovery plans focus on plausible management or recovery actions that can be taken to reduce risk and conserve capital during times of severe stress. Resolution plans are typically developed by the supervisor with the objective of ensuring that SIFIs are resolvable and will not become a burden to tax payers.

Although the Basel III phase-in approach affords the Bank a period of time before full compliance is required, the Bank maintains a strong focus on achieving these liquidity and capital requirements within the specified timelines. Specific areas of focus include optimising capital and liquidity allocation between product lines, trading desks, industry sectors and legal entities such that financial resources can be allocated in a manner that enhances the overall group economic profit and return on equity, embedding risk-adjusted performance measurement into the performance measurement and reporting processes of the SBG Group; and ensuring that the SBG Group is adequately positioned to respond to changing regulatory rules under Basel III.

LEGAL PROCEEDINGS

There are no governmental, legal or arbitration proceedings (nor are there any such proceedings which are pending or threatened of which the Bank is aware) which may have, or have during the 12 months prior to the date of this Base Prospectus had a significant effect on the financial position or profitability of the Bank and/or the SBSA Group. The Bank and its subsidiaries have sued and are defendants in a number of legal proceedings incidental to their operations. While any litigation has an element of uncertainty, the Bank does not expect that the outcome of any such proceeding, either individually or in aggregate, will have a material adverse effect upon the Bank's financial condition or results of operations.

PROPERTY

As at 31 December 2015, SBSA group held freehold title (net book value) to land and property of R3,085 million (compared to R3,104 million as at 31 December 2014).

INSURANCE

The Bank has a comprehensive insurance programme with cover for bankers' bond, computer crime, professional indemnity, directors' and officers' liability, assets and liabilities. An annual benchmarking

review of policy wording, covers and limits ensures that the level of risk mitigation is adequate in relation to the Bank's risk profile.

All insurance cover is placed at SBG level to maximize on economies of scale and to ensure all business units are included.

INFORMATION TECHNOLOGY

The primary aim of the Bank's information technology ("IT") platform is to ensure the stability, availability and efficient functioning of SBSA's banking systems, to protect the Bank's customer franchise and to underpin the sustainable future of the Bank. The Bank regards IT as a strategic asset which supports, sustains and enables growth and operational excellence within the Bank and the SBG Group.

The role of IT within the Bank has developed from being a support function to becoming a critical function in the Bank's strategy. The digital revolution is fundamentally changing the way in which consumers and businesses interact. IT is central to the Bank's ability to adapt to a changing world and create sustainable long-term value for the Bank's stakeholders.

The key elements of the Bank's IT strategy are to enhance operational excellence and to support the Bank's competitiveness and growth in Africa. The modernisation of the Bank's core banking platforms underlies the Bank's ability to execute its strategy in a digitally enabled financial services environment. The Bank has invested heavily in transforming its IT platforms from complex legacy systems to a simplified and standardised platform. A large contributor to the costs is the dual operation of legacy systems and new systems as the Bank migrates customers to the new platform. The Bank's IT transformation programme covers the deployment of new core banking platforms and business-as-usual infrastructure efficiency initiatives. The IT transformation programme is a lengthy, complex and capital intensive process which the Bank expects to complete in 2017.

Management believes that the Bank's overall IT stability was acceptable in 2015 with a record number of transactions both in terms of volume and value successfully processed. It is a reality that a certain amount of instability is unavoidable during periods of significant change to IT systems and there were two high profile outages resulting from hardware failures. These outages impacted customers as a number of online services were not available for several hours. The Bank responded successfully to these outages by implementing its protocols for business continuity. SBG sets recovery and business resumption priorities, and contingency procedures are tested and rehearsed so that interruptions are minimised.

IT governance functions provide oversight of IT within the SBG Group to ensure that technology contributes to creating sustainable value both in the short and over the long term. The SBG Board is responsible for ensuring that prudent and reasonable steps have been taken regarding IT governance. The SBG Group IT committee is an SBG Board committee with responsibility for ensuring the implementation of the IT governance framework across SBG Group. The committee has the authority to review and provide guidance on matters related to the Bank's IT strategy, budget, operations, policies and controls, the Bank's assessment of risks associated with IT, including disaster recovery, business continuity and IT security, as well as oversight of significant IT investments and expenditure.

The committee is chaired by an independent SBG Board member, who is also a member of the SBG Group risk and capital management committee. The chief information officers of each business unit within the Bank report to their chief executives as well as to the SBG Group chief information officer to ensure that the IT strategy is aligned and integrated with the business strategies.

REGULATION

General regulatory requirements

The Bank is subject to the Banks Act and is supervised by the Bank Supervision Department.

The Bank holds a full banking licence granted by the SARB. It is an authorised dealer in foreign exchange in terms of the Exchange Control Regulations of the SARB.

Please see "Risk Factors - the impact of any future change in law or regulation on the Issuer's business is uncertain" on pages 3 to 26.

Anti-money laundering regulations

SBG is committed to and supports global efforts to combat money laundering and terrorist financing. Accordingly, SBG has established and adopted policies and procedures to assist it in complying with its legislative obligations in respect of anti-money laundering and combating of terrorist financing requirements in each jurisdiction in which it operates. Meeting money laundering and terrorist financing control requirements in each jurisdiction in which SBG operates imposes significant obligations in terms of customer identification, record keeping, staff training and the detection and reporting of suspicious and unusual transactions. Minimum standards are implemented throughout the SBG Group and particular emphasis is placed on enhancing internal systems and procedures to assist in managing money laundering and terrorist financing risks. The Bank continues to enhance and automate its anti-money laundering and terrorist financing detection measures. The Bank also has a dedicated monitoring surveillance unit that is responsible for receiving, evaluating and reporting suspicious or unusual transactions and activities to the appropriate authorities and ensure full co-operation with the law enforcement agencies, including releasing information to them in terms of the Bank's legal obligations.

RISK MANAGEMENT

Effective risk management is fundamental to the business activities of both SBG and the Bank. The Bank operates under the SBG risk framework and the Bank-specific policies to address the Bank-specific business and regulatory requirements. The Bank's chief risk officer is accountable to the SBSA Board and the Bank's regulators. Currently, the Bank's chief risk officer is also the chief risk officer for SBG and is therefore also accountable to the SBG Board and SBG regulators.

The Bank's approach to risk management is based on a SBG risk, compliance and capital management (the "**RCCM**") governance framework and the three lines of defence model.

The Bank operates under the SBG risk framework, which consists of:

- risk governance committees at a board and management level; and
- risk governance standards, frameworks and policies.

Risk governance committees

Board sub-committees responsible for effective risk management comprise the Audit Committee ("**AC**"), the Risk and Capital Management Committee ("**RCMC**"), the large exposure credit committee, the IT committee and the model approval committee.

Executive management oversight for all risk types has been delegated by the SBG management committee to the Risk Oversight Committee (the "**ROC**") which, in turn, assists the RCMC to fulfil

its mandate. As is the case with the RCMC, the ROC calls for and evaluates in-depth investigations and reports based on its assessment of the risk profile and external factors. The ROC delegates authority to various sub-committees which deal with specific risk types or oversight activities. Matters are escalated to the ROC, based on materiality, through reports or feedback from the sub-committee chairman. These sub-committees are the Corporate and Investment Banking and Personal and Business Banking Credit Governance Committees; the Asset and Liability Committee (the "**ALCO**") (which also covers market risk); the Capital Management Committee; the Compliance Committee; the Country Risk Management Committee; the Equity Risk Committee; the Internal Financial Control Governance Committee; the Operational Risk Committee, the Regulatory and Legislative Oversight Committee, the Sanctions Review Committee; the Stress Testing and Risk Appetite Committee and the Recovery and Resolution Planning Committee.

Governance documents

Governance documents within the RCCM governance framework comprise standards, frameworks and policies which set out the requirements for the identification, assessment, measurement, monitoring, managing and reporting of risks, for effective oversight of compliance and effective management of capital. Governance standards and frameworks are approved by the relevant board committee. Governance policies are approved by the management committee or sub-committee, the relevant ROC sub-committee, the ROC itself or, where regulations require board approval, by the SBSA Board or the relevant board committee.

The three lines of defence

The Bank uses the three lines of defence governance model which promotes transparency, accountability and consistency through the clear identification and segregation of roles.

The first line of defence is made up of the management of business lines and legal entities. It is the responsibility of first line management to identify and manage risks. This involves, at an operational level, the day-to-day effective management of risk in accordance with agreed risk policies, appetite and controls. Effective first line management includes:

- the proactive self-identification of issues and risks, including emerging risks;
- the design, implementation and ownership of appropriate controls;
- the associated operational control remediation; and
- a strong control culture of effective and transparent risk partnership.

The second line of defence functions provide independent oversight and assurance. They have resources at the centre and embedded within the business lines. Central resources provide SBSA Group-wide oversight of risks, while resources embedded within the business lines support management in ensuring that their specific risks are effectively managed as close to the source as possible. Central and embedded resources jointly oversee risks at a legal entity level.

The second line of defence functions develop and implement governance standards, frameworks and policies for each material risk type to which the SBSA Group is exposed. This ensures consistency in approach across the SBSA Group's business lines and legal entities. Compliance with the standards and frameworks is ensured through annual self-assessments by the second line of defence and reviews by Internal Audit ("**IA**").

IA is the third line of defence and it provides independent and objective assurance to the SBSA Board and senior management on the effectiveness of the first and second lines of defence.

All three levels report to the SBSA Board, either directly or through the RCMC and AC.

RISK APPETITE AND STRESS TESTING

Risk appetite and stress testing activities are undertaken by teams at the centre, in business lines and at a legal entity level within the risk appetite and stress testing governance frameworks.

Risk appetite governance framework

The risk appetite governance framework provides guidance on the following:

- setting and cascading of risk appetite by Bank, business line, risk type and legal entity;
- measurement and methodology;
- governance;
- monitoring and reporting of risk profile; and
- escalation and resolution.

The Bank has adopted the following definitions, where entity refers to a business line or legal entity within the Bank, or the Bank itself:

- **Risk appetite:** An expression of the amount or type of risk an entity is generally willing to take in pursuit of its financial and strategic objectives, reflecting its capacity to sustain losses and continue to meet its obligations as they fall due, under both normal and a range of stress conditions. The metric is referred to as a risk appetite trigger.
- **Risk tolerance:** The maximum amount of risk an entity is prepared to tolerate above risk appetite. The metric is referred to as a risk tolerance limit.
- **Risk capacity:** The maximum amount of risk the entity is able to support within its available financial resources.
- **Risk appetite statement ("RAS"):** The documented expression of risk appetite and risk tolerance which have been approved by the entity's relevant governance committee. The RAS is reviewed and revised, if necessary, on an annual basis.
- **Risk profile:** The risk profile is defined in terms of three dimensions, namely current risk profile or forward risk profile unstressed or stressed risk profile pre- or post-management actions.

The current risk profile is the amount or type of risk the entity is currently exposed to. The unstressed forward risk profile is the forward looking view of how the entity's risk profile is expected to evolve under expected conditions. The stressed forward risk profile is the forward looking view of how the entity's risk profile is expected to change under stressed economic conditions. The effectiveness of available management actions can be assessed through an analysis of pre- and post-management action risk profiles against risk appetite triggers and tolerance limits.

Stress testing governance framework

Stress testing is a key management tool within the Bank and is used to evaluate the sensitivity of the current and forward risk profiles relative to risk appetite. Stress testing supports a number of business processes including:

- strategic planning and financial budgeting;
- the internal capital adequacy assessment process, including capital planning and management and the setting of capital buffers;
- liquidity planning and management;
- informing the setting of risk appetite;
- identifying and proactively mitigating risks through actions such as reviewing and changing limits, limiting exposures and hedging;
- facilitating the development of risk mitigation or contingency plans, including recovery plans, across a range of stressed conditions; and
- supporting communication with internal and external stakeholders including industrywide stress tests performed by the regulator.

Stress testing programme

The stress testing programme uses one or a combination of stress testing techniques, including scenario analysis, sensitivity analysis and reverse stress testing to perform stress testing for different purposes.

CREDIT RISK

Credit risk is the risk of loss arising out of failure of counterparties to meet their financial or contractual obligations when due. Credit risk is composed of counterparty risk (i.e. obligor risk, as distinct from counterparty credit risk, a subset of counterparty risk specific to the bilateral credit risks arising between trading counterparties), concentration risk, and country risk. Primary responsibility for credit risk management resides within the Bank's business units. This is complemented with an independent credit risk function embedded within the business units, which is in turn supported with standards and oversight provided through the SBG credit risk function. The principal governance documents are the credit risk governance standard and the model risk governance standard.. The primary management level governance committees overseeing credit risk are the Corporate and Investment Banking and Personal and Business Banking Credit Governance Committees, the Equity Risk Committee and the Intragroup Exposure Committee. These committees are responsible for credit risk and credit concentration risk decision-making, and delegation thereof to credit officers and committees within defined parameters.

The Corporate and Investment Banking and Personal and Business Banking Model Approval Committees approve key aspects of rating systems and credit risk models. Regular model validation and reporting to these committees is undertaken by the central validation functioning in a manner which is independent of the credit risk function.

Exposure to Credit Risk

Loans and advances are analysed and categorised based on credit quality using the following definitions:

Performing loans

Performing loans are classified into two categories, namely:

- Neither past due nor specifically impaired loans: These loans are current and fully compliant with all contractual terms and conditions. Normal monitoring loans within this category are generally rated 1 to 21, and close monitoring loans are generally rated 22 to 25 using the Group's master rating scale.
- Early arrears but not specifically impaired loans: early arrears but not specifically impaired loans include those loans where the counterparty has failed to make contractual payments and payments are less than 90 days past due, but it is expected that the full carrying value will be recovered when considering future cash flows, including collateral. Ultimate loss is unlikely but could occur if the adverse conditions persist.

Non-performing loans

Non-performing loans are those loans for which:

- the Bank has identified objective evidence of default, such as a breach of a material loan covenant or condition, or
- instalments are due and unpaid for 90 days or more.

Non-performing but not specifically impaired loans are not specifically impaired due to the expected recoverability of the full carrying value when considering the recoverability of future cash flows, including collateral.

Non-performing specifically impaired loans are those loans that are regarded as non-performing and for which there has been a measurable decrease in estimated future cash flows. Specifically impaired loans are further analysed into the following categories:

- Sub-standard: Items that show underlying well-defined weaknesses and are considered to be specifically impaired.
- Doubtful: Items that are not yet considered final losses due to some pending factors that may strengthen the quality of the items.
- Loss: Items that are considered to be uncollectible in whole or in part. The Bank provides fully for its anticipated loss, after taking collateral into account.

Please refer to the diagram on page 63 and to the tables set out on pages 64 to 67 of the risk and capital management report section of the Bank's 2015 annual report with regard to the Bank's maximum exposure to credit risk by credit quality as at 31 December 2015 and 31 December 2014.

Renegotiated loans and advances

Renegotiated loans and advances are exposures which have been refinanced, rescheduled, rolled over or otherwise modified following weaknesses in the counterparty's financial position, and where it has been judged that normal repayment will likely continue after the restructure.

Collateral

Please refer to the tables set out on pages 70 to 71 of the Bank's risk and capital management report section of the Bank's 2015 annual report for details of the financial effect that collateral has on the Bank's maximum exposure to credit risk as at 31 December 2015. The table that follows is presented according to Basel asset categories and includes collateral that may not be eligible for recognition under Basel but that management takes into consideration in the management of the Bank's exposures to credit risk. All on- and off-balance sheet exposures which are exposed to credit risk, including non-performing loans, have been included.

Collateral includes financial securities that have a tradable market (such as shares and other securities), physical items (such as property, plant and equipment) and financial guarantees, suretyships and intangible assets.

Netting agreements which do not qualify for offset under IAS 32 (Financial Instruments: Presentation) but which are nevertheless enforceable are included as part of the Bank's collateral for risk management purposes. All exposures are presented before the effect of any impairment provisions.

In the retail portfolio, 62 per cent. (2014: 61 per cent.) is fully collateralised. The R514 million (2014: R561 million) of retail accounts that lie within the 0 per cent. to 50 per cent. range of collateral coverage mainly comprise accounts which are either in default or legal. The total average collateral coverage for all retail mortgage exposures in the 50 per cent. to 100 per cent. collateral coverage category is 94 per cent. (2014: 90 per cent.). Of the group's total exposure, 47 per cent. (2014: 33 per cent.) is unsecured and mainly reflects exposures to well-rated corporate counterparties, bank counterparties and sovereign entities.

COUNTRY RISK

Country risk, also referred to as cross-border transfer risk, is the uncertainty that obligors, (including the relevant sovereign, and including the obligations of Bank branches and subsidiaries in a country) will be able to fulfil its obligations to the Bank given political or economic conditions in the host country.

All countries to which the Bank is exposed are reviewed at least annually. Internal rating models are employed to determine ratings for country, sovereign and transfer and convertibility risk. In determining the ratings, extensive use is made of the Bank's network of operations, country visits and external information sources. These ratings are also a key input into the Bank's credit rating models, with credit loan conditions and covenants linked to country risk events.

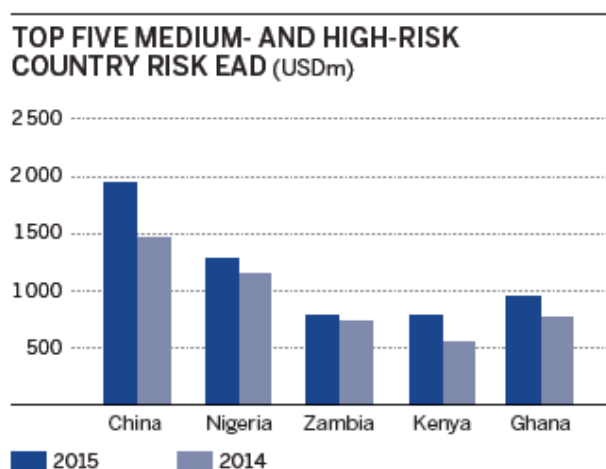

The model inputs are continuously updated to reflect economic and political changes in countries. The model outputs are internal risk grades that are calibrated to a country risk grade ("**CR**") from CR01 to CR25, or sovereign risk grade, transfer and convertibility ("**SB**") risk grade from or SB01 to SB25. Countries rated CR08 and higher, referred to as medium- and high-risk countries, are subject to increased analysis and monitoring.

Country risk is mitigated through a number of methods, including:

- political and commercial risk insurance;
- co-financing with multilateral institutions; and
- structures to mitigate transferability and convertibility risk such as collection, collateral and margining deposits outside the jurisdiction in question.

The primary management level governance committee overseeing this risk type is the Country Risk Management Committee. The principal governance documents are the country risk governance standard and the model risk governance standard. The risk distribution of cross-border country risk exposures is weighted towards European and North American low-risk countries, as well as sub-Saharan African medium- and high-risk countries.

The following graph shows the Bank's exposure to the top five medium- and high-risk countries for the years indicated. These exposures are in line with the Bank's growth strategy focused on Africa and select emerging markets.

FUNDING AND LIQUIDITY RISK

The nature of banking and trading gives rise to continuous exposure to liquidity risk. Liquidity risk arises when the Bank, despite being solvent, cannot maintain or generate sufficient cash resources to meet its payment obligations as they fall due, or can only do so at materially disadvantageous terms. This type of event may arise where counterparties, who provide the Bank with short-term funding, withdraw or do not roll over that funding, or normally liquid assets become illiquid as a result of a generalised disruption in asset markets.

The Bank manages liquidity in accordance with applicable regulations and within the Bank's risk appetite framework. The liquidity risk management governance framework supports the measurement and management of liquidity across both the corporate and retail sectors to ensure that payment obligations can be met under both normal and stressed conditions. Liquidity risk management ensures that the Bank has the appropriate amount, diversification and tenor of funding and liquidity to support its asset base at all times.

The primary management level governance committee overseeing liquidity risk is ALCO, which is chaired by the financial director. The principal governance documents are the liquidity risk governance standard and model risk governance standard.

Basel III liquidity impact

The liquidity coverage ratio ("**LCR**"), which was implemented on 1 January 2015, is a metric introduced by the BCBS to measure a bank's ability to manage a sustained outflow of customer funds in an acute stress event over a 30-day period. The ratio is calculated by taking the Bank's HQLA and dividing it by net cash outflows. The minimum regulatory LCR requirement effective 1 January 2015 is 60 per cent., increasing by 10 per cent. annually to reach 100 per cent. in January 2019. The Bank's LCR of 82.1 per cent. has exceeded the 60 per cent. minimum phase-in requirement for 2015. From 2018, the Bank will also be required to comply with the Basel III net stable funding ration ("**NSFR**"), a metric designed to ensure that the majority of term assets are funded by stable sources, such as capital, term borrowings or funds from stable sources.

Contingency funding plans

Contingency funding plans are designed to protect stakeholder interests and maintain market confidence in the event of a liquidity crisis. The plans incorporate an early warning indicator process supported by clear crisis response strategies. Early warning indicators cover bank-specific and systemic crises and are monitored according to assigned frequencies and tolerance levels.

Crisis response strategies are formulated for the relevant crisis management structures and address internal and external communications and escalation processes, liquidity generation management actions and operations, and heightened and supplementary information requirements to address the crisis event.

Liquidity stress testing and scenario analysis

Stress testing and scenario analysis are based on hypothetical as well as historical events. These are conducted on the Bank's funding profiles and liquidity positions. The crisis impact is typically measured over a 30 calendar day period as this is considered the most crucial time horizon for a liquidity event. This measurement period is also consistent with the Basel III LCR requirements.

Anticipated on- and off-balance sheet cash flows are subjected to a variety of bank-specific and systemic stresses and scenarios to evaluate the impact of unlikely but plausible events on liquidity positions. The results are assessed against the liquidity buffer and contingency funding plans to provide assurance as to the Bank's ability to maintain sufficient liquidity under adverse conditions.

Internal stress testing metrics are supplemented with the regulatory Basel III LCR to monitor the Bank's ability to survive severe stress scenarios.

Total contingent liquidity

Portfolios of highly marketable liquid securities to meet prudential, regulatory and internal stress testing requirements are maintained as protection against unforeseen disruptions in cash flows. These portfolios are managed within ALCO-defined limits on the basis of diversification and liquidity. The table below provides a breakdown of the Bank's liquid and marketable securities as at 31 December 2015 and 31 December 2014. Eligible Basel III HQLA are defined according to the BCBS January 2013 LCR and liquidity risk monitoring tools framework. Management liquidity represents unencumbered marketable securities other than eligible Basel III LCR HQLA (excluding trading assets) which would be able to provide significant sources of liquidity in a stress scenario.

Structural liquidity mismatch

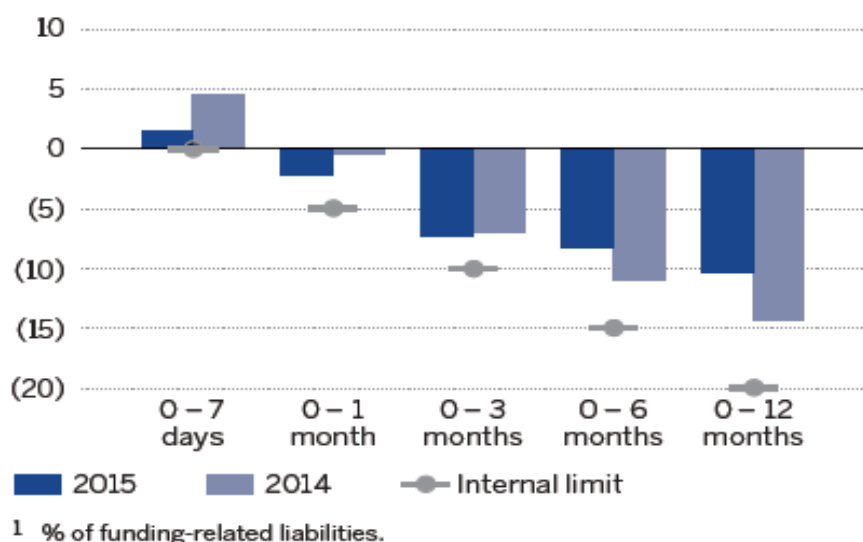

Maturity analysis of financial liabilities using behavioural profiling

With actual cash flows typically varying significantly from the contractual position, behavioural profiling is applied to assets, liabilities and off-balance sheet commitments as well as to certain liquid assets. Behavioural profiling assigns probable maturities based on historical customer behaviour. This is used to identify significant additional sources of structural liquidity in the form of core deposits, such as current and savings accounts, which exhibit stable behaviour despite being repayable on demand or at short notice.

In order to highlight potential risks within the Bank's defined liquidity risk threshold, structural liquidity mismatch analyses are performed regularly to anticipate the mismatch between payment profiles of statement of financial position items.

The graph that follows shows the Bank's cumulative maturity mismatch between assets and liabilities for the 0 to 12 months bucket, after applying behavioural profiling. The cumulative maturity mismatch is expressed as a percentage of the Bank's total funding related liabilities. Guidelines are set internally to restrict the cumulative liquidity mismatch between expected inflows and outflows of funds in different time buckets. These mismatches are monitored on a regular basis with active management intervention if potential limit breaches are evidenced. The behaviourally adjusted cumulative liquidity mismatch remains within the Bank's liquidity risk appetite.

Maturity analysis of financial liabilities by contractual maturity

The following table analyses cash flows (as at 31 December 2015) on a contractual, undiscounted basis based on the earliest date on which the Bank can be required to pay (except for trading liabilities and derivative liabilities which are presented as redeemable on demand) and will therefore not agree directly with the balances disclosed in the consolidated statement of financial position. Derivative liabilities are included in the maturity analysis on a contractual, undiscounted basis when contractual maturities are essential for an understanding of the derivatives' future cash flows. Management considers contractual maturities to be essential for understanding the future cash flows of derivative liabilities that are designated as hedging instruments in effective hedge accounting relationships. All other derivative liabilities, together with trading liabilities, are treated as trading and are included at fair value in the redeemable on demand bucket since these positions are typically held for short periods of time. The table also includes contractual cash flows with respect to off-balance sheet items which have not yet been recorded on-balance sheet. Where cash flows are exchanged simultaneously, the net amounts have been reflected.

Funding activities

Funding markets are evaluated on an ongoing basis to ensure appropriate funding strategies are executed depending on the market, competitive and regulatory environment. The Bank employs a diversified funding strategy, sourcing liquidity in both domestic and offshore markets, and incorporates a coordinated approach to accessing loan and debt capital markets for SBG.

Primary funding sources are in the form of deposits across a spectrum of retail and wholesale clients, as well as loan and debt capital markets across the Bank. Total funding-related liabilities grew from R935 billion as at 31 December 2014 to R1 021 billion as at 31 December 2015.

Historically, South Africans have favoured the insurance market and mutual funds for their savings over bank deposits. As a result, the Bank has pursued various methods of diversifying its funding sources. The Bank has used securitisation primarily as part of its funding strategy for its South African operations to provide added flexibility in mitigating structural liquidity risk and diversifying the funding base. Credit risk transfer and capital relief are factored in when deciding on the economic merits of each new securitisation issue. The Bank has entered into securitisation transactions in the normal course of business in which it transferred recognised financial assets directly to third parties or special purpose entities. The Bank complies with International Financial Reporting Standards ("IFRS") in recognising and accounting for securitisation transactions. Special purpose entities are consolidated into SBG when required by IFRS.

Funding markets are evaluated on an ongoing basis to ensure appropriate SBSA Group funding strategies are executed depending on the market, competitive and regulatory environment. The SBSA Group employs a diversified funding strategy, sourcing liquidity in both domestic and offshore markets and incorporates a coordinated approach to accessing loan and debt capital markets across the SBSA Group.

Deposits from customers (including cheque accounts, savings accounts, call and notice deposits, fixed deposits and negotiable interest deposits) constitute the Bank's primary source of funding. Deposits from customers amounted to R756,047 million as at 31 December 2015 compared to R708,579 million for the preceding financial year.

The table below provides a breakdown of the Bank's current accounts and deposits from banks and customers for the years ended 31 December 2015 and 31 December 2014. Deposit products include

MARKET RISK

Market risk is the risk of a change in the market value, actual or effective earnings or future cash flows of a portfolio of financial instruments, including commodities, caused by movements in market variables such as equity, bond and commodity prices, currency exchange rates and interest rates, credit spreads, recovery rates, correlations and implied volatilities in all of these variables.

The management level governance committees overseeing market risk are ALCO, which is chaired by the financial director, and the Equity Risk Committee, which is chaired by the Corporate & Investment Banking chief risk officer ("**CRO**"). The principal governance documents are the market risk governance standard and the model risk governance standard.

Trading book market risk

Trading book market risk is represented by financial instruments, including commodities, held on the trading book arising out of normal global markets' trading activities.

The Bank's policy is that all trading activities are undertaken within the Bank's global markets' operations. The market risk functions are independent of trading operations and accountable to the relevant legal entity ALCO.

All value-at-risk ("**VaR**") and stressed VaR ("**SVaR**") limits require prior approval from the respective entity ALCOs. The market risk functions have the authority to set limits at a lower level.

Market risk teams are responsible for identifying, measuring, managing, monitoring and reporting market risk as outlined in the market risk governance standard.

Exposures and excesses are monitored and reported daily. Where breaches in limits and triggers occur, actions are taken by market risk functions to move exposures back in line with approved market risk appetite, with such breaches being reported to management and legal entity ALCOs.

Measurement

The techniques used to measure and control trading book market risk and trading volatility include VaR and SVaR, stop-loss triggers, stress tests, backtesting and specific business unit and product controls.

VaR and SVaR

The Bank uses the historical VaR and SVaR approach to quantify market risk under normal conditions and under stressed conditions. For risk management, VaR is based on 251 days of unweighted recent historical data, a holding period of one day and a confidence interval of 95 per cent. SVaR uses a similar methodology to VaR, but is based on a period of financial stress and assumes a 10 day holding period and a worst case loss.

In general, the trading desks have run increased levels of market risk when compared to the year ended 31 December 2014.

The following table sets out the trading book normal VaR analysis by market variable:

	Normal VaR

Diversification benefits ²			(14,4)	(17,0)
Aggregate	<u>27,7</u>	<u>14,1</u>	<u>20,3</u>	<u>23,9</u>

¹ *The maximum and minimum VaR figures reported for each market variable do not necessarily occur on the same day. As a result, the aggregate VaR will not equal the sum of the individual market VaR values, and it is inappropriate to ascribe a diversification effect to VaR when these values may occur on different dates.*

² *Diversification benefit is the benefit of measuring the VaR of the trading portfolio as a whole, that is, the difference between the sum of the individual VaRs and the VaR of the whole trading portfolio.*

Where the Bank has received internal model approval, the market risk regulatory capital requirement is based on a VaR and SVaR, both of which use a confidence level of 99 per cent. and a 10-day holding period.

Limitations of historical VaR are acknowledged globally and include:

- The use of historical data as a proxy for estimating future events may not encompass all potential events, particularly those which are extreme in nature;
- The use of a one-day holding period assumes that all positions can be liquidated or the risk offset in one day. This may not fully reflect the market risk arising at times of severe illiquidity, when a one-day holding period may be insufficient to liquidate or hedge all positions fully;
- The use of a 95 per cent. confidence level, by definition, does not take into account losses that might occur beyond this level of confidence;
- VaR is calculated on the basis of exposures outstanding at the close of business and therefore does not necessarily reflect intra-day exposures; and
- VaR is unlikely to reflect loss potential on exposures that only arise under significant market moves.

Credit issuer risk is assumed in the trading book by virtue of normal trading activity, and is managed according to the market risk governance standard. These exposures arise from, among others, trading in debt securities issued by corporate and government entities as well as trading derivative transactions with other banks and corporate clients. The credit spread risk is incorporated into the daily price movements used to compute VaR and SVaR, as mentioned above. The VaR models used for credit risk are only intended to capture the risk presented by historical day-to-day market movements, and therefore do not take into account instantaneous or jump to default risk. Issuer risk is

incorporated in the standardised approach interest rate risk charge. The largest issuer risk exposure is to the Government with an exposure at default of R17.7 billion as at 31 December 2015 (R12.8 billion as at 31 December 2014).

Stop-loss triggers

Stop-loss triggers are used to protect the profitability of the trading desks and are monitored by market risk on a daily basis. The triggers constrain cumulative or daily trading losses through acting as a prompt to a review or close-out positions.

Stress tests

Stress testing provides an indication of the potential losses that could occur under extreme but plausible market conditions, including where longer holding periods may be required to exit positions. Stress tests comprise individual market risk factor testing, combinations of market factors per trading desk and combinations of trading desks using a range of historical, hypothetical and Monte Carlo simulations. Daily losses experienced during the year ended 31 December 2015 did not exceed the maximum tolerable losses as represented by the Bank's stress scenario limits.

Backtesting

The Bank backtests its VaR models to verify the predictive ability of the VaR calculations and to ensure the appropriateness of the models within the inherent limitations of VaR. Backtesting compares the daily hypothetical profit and losses under the one-day buy and hold assumption to the prior day's calculated VaR.

Regulators categorise a VaR model as green, amber or red and assign regulatory capital multipliers based on this categorisation. A green model is consistent with a satisfactory VaR model and is achieved for models that have four or less backtesting exceptions in a 12-month period. All the Bank's approved models were assigned green status by the SARB for the year ended 31 December 2015.

Specific business unit and product controls

Other market risk limits and controls specific to individual business units include permissible instruments, concentration of exposures, gap limits, maximum tenor, stop loss triggers price validation and balance sheet substantiation.

Interest rate risk in the banking book

This risk results from the different repricing characteristics of banking book assets and liabilities. The banking book-related market risk exposure principally involves managing the potential adverse effect of interest rate movements on banking book earnings (net interest income and banking book mark-to-market profit or loss) and the economic value of equity.

The Bank's approach to managing banking book interest rate risk is governed by applicable regulations and influenced by the competitive environment in which the Bank operates. The Bank's treasury and capital management team monitors banking book interest rate risk operating under the oversight of the ALCO.

Measurement

The analytical techniques used to quantify banking book interest rate risk include both earnings- and valuation-based measures. The analysis takes account of embedded optionality such as loan prepayments and accounts where the account behaviour differs from the contractual position.

The results obtained from forward-looking dynamic scenario analyses, as well as Monte Carlo simulations, assist in developing optimal hedging strategies on a risk-adjusted return basis. Desired changes to a particular interest rate risk profile are achieved through the restructuring of on-balance sheet re-pricing or maturity profiles, or through derivative overlays.

Limits

Interest rate risk limits are set in relation to changes in forecast banking book earnings and the economic value of equity. Economic value of equity sensitivity is calculated as the net present value of aggregate asset cash flows less the net present value of aggregate liability cash flows.

All assets, liabilities and derivative instruments are allocated to gap intervals based on either their repricing or maturity characteristics. Assets and liabilities for which no identifiable contractual repricing or maturity date exists are allocated to gap intervals based on behavioural profiling.

Hedging of endowment risk

Interest rate risk in the banking book is predominantly the consequence of endowment exposures, being the net exposure of non-rate sensitive liabilities and equity less non-rate sensitive assets. The endowment risk is hedged using liquid instruments as and when it is considered opportune. Where permissible, hedge accounting is adopted using the derivatives designated as hedging instruments. Following meetings of the monetary policy committees, or notable market developments, the interest rate view is formulated through ALCO processes.

Non-endowment interest rate risk in the banking book, (basis, re-pricing, optionality and yield curve) is managed within the treasury and global markets portfolios.

Equity risk in the banking book

Equity risk is defined as the risk of loss arising from a decline in the value of equity or an equity-type instrument held on the banking book, whether caused by deterioration in the underlying operating asset performance, net asset value, enterprise value of the issuing entity, or by a decline in the market price of the equity or instrument itself.

The Equity Risk Committee is constituted as a subcommittee of ROC and operates under delegated authority from that committee, with additional reporting accountability to the Corporate & Investment Banking Equity Governance Committee in closed sessions.

The table below illustrates the market risk sensitivity for all non-trading equity investments assuming a 10 per cent. shift in the fair value. The analysis is shown before tax:

Foreign currency risk

The Bank's primary non-trading related exposures to foreign currency risk arise as a result of the translation effect on the Group's net assets in foreign operations, intragroup foreign-denominated debt and foreign-denominated cash exposures and accruals. The Foreign Currency Management Committee, a sub-committee of the Capital Management Committee, manages the risk according to existing legislation, South African exchange control regulations and accounting parameters. It takes into account naturally offsetting risk positions and manages the Group's residual risk by means of forward exchange contracts, currency swaps and option contracts. Hedging is undertaken in such a way that it does not constrain normal operational activities. In particular, for banking entities outside of the South African common monetary area, the need for capital to fluctuate with risk-weighted assets is taken into account.

The repositioning of the currency profile, which is coordinated at a Group level, is a controlled process based on underlying economic views of the relative strength of currencies. The Bank does not ordinarily hold open exposures of any significance with respect to the banking book.

Gains or losses on derivatives that have been designated as cash flow hedging relationships are reported directly in other comprehensive income, with all other gains and losses on derivatives being reported in profit or loss.

Foreign currency risk sensitivity analysis

The foreign currency risk sensitivity analysis below reflects the expected financial impact, in rand equivalent, resulting from a 15 per cent. shock to foreign currency risk exposures, against ZAR. The sensitivity analysis is based on net open foreign currency exposures arising from designated net

investment hedges, other derivative financial instruments, foreign-denominated cash balances and accruals.

The sensitivity analysis reflects the sensitivity to equity and profit or loss on the Bank's foreign-denominated exposures other than those trading positions for which sensitivity has been included in the trading book VaR analysis.

OPERATIONAL RISK

Operational risk is defined as the risk of loss suffered as a result of the inadequacy of, or a failure in, internal processes, people and/or systems or from external events. Reputational risk and strategic risk are, in terms of general market convention, excluded from the definition of operational risk.

Operational risk exists in the natural course of business activity. The operational risk governance standard sets out the minimum standards for operational risk management to be adopted across the Group. The governance standard seeks to ensure adequate and consistent governance, identification, assessment, monitoring, managing and reporting of operational risk to support the Bank's business operations. In addition, it ensures that the relevant regulatory criteria can be met by those banking entities adopting the advanced measurement approach and those adopting the basic indicator approach or the standardised approach for regulatory capital purposes.

It is not an objective to eliminate all exposure to operational risk as this would be neither commercially viable nor possible. The Bank's approach to managing operational risk is to adopt fit-for-purpose operational risk practices that assist business line management in understanding their inherent risk and reducing their risk profile while maximising their operational performance and efficiency.

The integrated operational risk management function is independent from business line management and is part of the second line of defence reporting to the CRO. It is responsible for the development and maintenance of the operational risk governance framework, facilitating business's adoption of the framework, oversight and reporting, as well as for challenging the risk profile. The team proactively analyses root causes, trends and emerging threats, advises on the remediation of potential control weaknesses and recommends best-practice solutions.

Individual teams are dedicated to each business line and report to the business unit CRO. IOR also provides dedicated teams to enabling functions such as finance, IT and human capital. These teams work alongside their business areas and facilitate the adoption of the operational risk governance framework. As part of the second line of defence, they also monitor and challenge the business units' and enabling functions' management in respect of their operational risk profile.

The primary management level governance committees overseeing operational risk are ROC and the Operational Risk Committee. The primary governance documents are the operational risk governance standard and the operational risk governance framework. Operational risk subtypes report to various governance committees and have various governance documents applicable to each risk subtype.

Operational risk subtypes are managed and overseen by specialist functions. These subtypes include:

- model risk;
- tax risk;
- legal risk;
- environmental and social risk;
- IT risk and IT change risk;
- information risk;
- cyber risk;
- compliance risk;
- financial crime risk; and
- physical commodities risk.

All amounts to be paid in respect of Global Certificates held on behalf of Euroclear and Clearstream, Luxembourg will be paid to the bearer, in the case of Bearer Notes, or, in the case of Registered Notes, to the person named in the Register as the Noteholder of the relevant Global Certificate. None of the Issuer, any Paying Agent or the Transfer Agent will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Global Certificates or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

For so long as any of the Notes is represented by a Global Certificate held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular Nominal Amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the Nominal Amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Transfer Agent and the Paying Agent as the holder of such Nominal Amount of such Notes for all purposes other than with respect to the payment of principal or interest on such Nominal Amount of such Notes, for which purpose the bearer of the relevant Global Certificate (in the case of Bearer Notes) or the registered holder of the relevant Global Certificate (in the case of Registered Notes) shall be treated by the Issuer and any Agent as the holder of such Nominal Amount of such Notes in accordance with and subject to the terms of the relevant Global Certificate.

SOUTH AFRICAN EXCHANGE CONTROL

Capitalised words used in this section headed "South African Exchange Control" shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or clearly inappropriate from the context.

The information below is intended as a general guide to the position under the Exchange Control Regulations as at the Programme Date. The contents of this section headed "South African Exchange Control" do not constitute exchange control advice and do not purport to describe all of the considerations that may be relevant to a prospective subscriber for or purchaser of any Notes. Prospective subscribers for or purchasers of any Notes should consult their professional advisers in this regard.

Non-South African resident Noteholders and emigrants from the Common Monetary Area

The issue of a particular Tranche of Notes may, depending on the type of Notes in that Tranche, require the prior written approval of the Exchange Control Authorities in terms of the Exchange Control Regulations. Dealings in the Notes and the performance by the Issuer of its obligations under the Notes and the applicable Terms and Conditions may be subject to the Exchange Control Regulations.

Emigrant Blocked Rand

Emigrant Blocked Rand may be used for the subscription for or purchase of Notes. Any amounts payable by the Issuer in respect of the Notes subscribed for or purchased with Emigrant Blocked Rand may not, in terms of the Exchange Control Regulations, be remitted out of South Africa or paid into any non-South African bank account.

Emigrants from the Common Monetary Area

Any Individual Certificates issued to Noteholders who are emigrants from the Common Monetary Area will be endorsed "*non-resident*". Such restrictively endorsed Individual Certificates shall be deposited with an authorised foreign exchange dealer controlling such emigrant's blocked assets.

In the event that a Beneficial Interest in Notes is held by an emigrant from the Common Monetary Area through the Central Depository, the securities account maintained for such emigrant by the relevant Participant will be designated as an "*emigrant*" account. All payments in respect of subscriptions for Notes by an emigrant from the Common Monetary Area, using Emigrant Blocked Rands, must be made through the Authorised Dealer in foreign exchange controlling the blocked assets.

Any payments of interest and/or principal due to a Noteholder who is an emigrant from the Common Monetary Area will be deposited into such emigrant Noteholder's Emigrant Blocked Rand account, as maintained by an authorised foreign exchange dealer. The amounts are not freely transferable from the Common Monetary Area and may only be dealt with in terms of the Exchange Control Regulations.

Non-residents of the Common Monetary Area

Any Individual Certificates issued to Noteholders who are not resident in the Common Monetary Area will be endorsed "*non-resident*". In the event that a Beneficial Interest in Notes is held by a non-resident of the Common Monetary Area through the Central Depository, the securities account for such Noteholder by the relevant Participant will be designated as a "*non-resident*" account.

It will be incumbent on any such non-resident Noteholder to instruct the non-resident's nominated or authorised dealer in foreign exchange as to how any funds due to such non-resident in respect of Notes are to be dealt with. Such funds may, in terms of the Exchange Control Regulations, be remitted abroad only if the relevant Notes are acquired with foreign currency introduced into South Africa and provided that the relevant Individual Certificate has been endorsed "*non-resident*" or the relevant securities account has been designated as a "*non-resident*" account, as the case may be.

Bearer Notes

The disposal or acquisition of or dealing in Bearer Notes is subject to the prior written approval of the Minister of Finance (or the person authorised by the Minister of Finance) in accordance with Regulation 15 of the Exchange Control Regulations.

Order Notes

Any Order Notes issued to Noteholders who are emigrants from the Common Monetary Area will be endorsed in accordance with the applicable provisions of the Exchange Control Regulations. Any Order Notes issued to Noteholders who are emigrants from the Common Monetary Area will be subject to the applicable provisions of the Exchange Control Regulations.

Any Order Notes issued to Noteholders who are not resident in the Common Monetary Area will be endorsed in accordance with the applicable provisions of the Exchange Control Regulations. Any Order Notes issued to Noteholders who are not resident in the Common Monetary Area will be subject to the applicable provisions of the Exchange Control Regulations.

SOUTH AFRICAN TAXATION

Capitalised terms used in this section headed "South African Taxation" shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or clearly inappropriate from the context.

The comments below are intended as a general guide to the relevant tax laws of South Africa as at the Programme Date. The contents of this section headed "South African Taxation" do not constitute tax advice and do not purport to describe all of the considerations that may be relevant to a prospective subscriber for or purchaser of any Notes. Prospective subscribers for or purchasers of any Notes should consult their professional advisers in this regard.

Withholding Tax

Under current taxation law in South Africa, all payments made under the Notes to resident Noteholders will be made free of withholding or deduction for or on account of any taxes, duties, assessments or governmental charges in South Africa, save as disclosed below.

As from 1 March 2015, withholding tax on South African-sourced interest (see the section on "*Income Tax*" below) paid to or for the benefit of a foreign person applies at a rate of 15% of the amount of interest in terms of Section 50A-50H of the Income Tax Act, 1962 (the "**Income Tax Act**"). The withholding tax could be reduced by the relevant double taxation treaties. The legislation exempts, *inter alia*, from withholding tax on interest any amount of interest paid by a bank as defined in the Banks Act, 1990 (the "**Banks Act**"), to a foreign person. It is envisaged that this exemption would apply to the interest payments made to Noteholders.

The legislation also exempts interest paid in respect of any debt instrument listed on a recognised exchange. The JSE Limited would qualify as such an exchange, and therefore, subject to any legislative changes, the interest paid on the Notes will not be subject to interest withholding tax. In the event that such withholding or deduction is required by law, the Issuer will not be obliged to pay additional amounts in relation thereto. A foreign person will also be exempt from the withholding tax on interest if -

- (a) that foreign person is a natural person who was physically present in South Africa for a period exceeding 183 days in aggregate during the twelve month period preceding the date on which the interest is paid; or
- (b) the debt claim in respect of which that interest is paid is effectively connected with a permanent establishment of that foreign person in South Africa, if that foreign person is registered as a taxpayer in South Africa.

Foreign persons are subject to normal South African income tax on the interest sourced in South Africa unless exempted under Section 10(1)(h) of the Income Tax Act (please refer to the section on "*Income Tax*" below).

Securities Transfer Tax (STT)

No STT is payable on the issue or transfer of Notes (bonds) under the Securities Transfer Tax Act, 2007, because they do not constitute securities (as defined) for the purposes of that Act.

Value-Added Tax (VAT)

No VAT is payable on the issue or transfer of Notes. Notes (bonds) constitute "*debt securities*" as defined in section 2(2)(iii) of the South African Value-Added Tax Act, No. 89 of 1991. The issue, allotment, drawing, acceptance, endorsement or transfer of ownership of a debt security is a financial service, which is exempt from VAT in terms of section 12(a) of that Act.

Commissions, fees or similar charges raised for the facilitation, issue, allotment, drawing, acceptance, endorsement or transfer of ownership of Notes (bonds) that constitute "debt securities" will however be subject to VAT at the standard rate (currently 14 per cent.), except where the recipient is a non-resident as contemplated below.

Services (including exempt financial services) rendered to non-residents who are not in South Africa when the services are rendered, are subject to VAT at the zero rate in terms of section 11(2)(l) of the South African Value-Added Tax Act, 1991.

Income Tax

Under current taxation law effective in South Africa a "resident" (as defined in section 1 of the Income Tax Act) is subject to income tax on his/her worldwide income. Accordingly, all Noteholders who are "residents" of South Africa will generally be liable to pay income tax, subject to available deductions, allowances and exemptions, on any interest earned pursuant to the Notes. Non-residents of South Africa are subject to income tax on all income derived from a South African source (subject to domestic exemptions or relief in terms of an applicable double taxation treaty).

Interest income is from a South African source if that amount:

- (a) is incurred by a South African tax resident, unless the interest is attributable to a permanent establishment which is situated outside of South Africa; or
- (b) is derived from the utilisation or application in South Africa by any person of any funds or credit obtained in terms of any form of interest-bearing arrangement.

The Issuer is a South African tax resident and the Notes will constitute an "interest-bearing arrangement". Accordingly, the interest paid to the Noteholders will be from a South African source and subject to South African income tax unless such income is exempt under section 10(1)(h) of the Income Tax Act (see below).

Under section 10(1)(h) of the Income Tax Act interest received by or accruing to a Noteholder who, or which, is not a resident of South Africa during any year of assessment is exempt from income tax, unless:

- (a) that person is a natural person who was physically present in South Africa for a period exceeding 183 days in aggregate during the twelve month period preceding the date on which the interest is received by or accrues to, that person; or
- (b) the debt from which the interest arises is effectively connected to a permanent establishment of that person in South Africa.

If a Noteholder does not qualify for the exemption under Section 10(1)(h) of the Income Tax Act, exemption from, or reduction of any South African income tax liability may be available under an applicable double taxation treaty.

Purchasers are advised to consult their own professional advisers as to whether the interest income earned on the Notes will be exempt under section 10(1)(h) of the Income Tax Act.

Under section 24J of the Income Tax Act, any discount or premium to the Nominal Amount of a Note is treated as part of the interest income on the Note. Section 24J of the Income Tax Act deems interest income to accrue to a Noteholder on a day to-day basis until that Noteholder disposes of the Note or until maturity to treat its Notes on a mark to market basis. The day to day basis accrual is determined by calculating the yield to maturity and applying it to the capital involved for the relevant tax period. Interest as defined in section 24J of the Income Tax Act (including the premium or discount) may qualify for the exemption under section 10(1)(h) of the Income Tax Act.

Specific provisions dealing with the fair value taxation of financial instruments for certain "covered persons" (as defined in section 24JB of the Income Tax Act) have been enacted and were effective from 1 January 2014. Noteholders should seek advice as to whether these amendments, once promulgated may apply to them.

Section 8F of the Income Tax Act applies to "hybrid debt instruments", and section 8FA of the Income Tax Act applies to "hybrid interest". Sections 8F and 8FA provides that interest incurred on a hybrid debt instrument and hybrid interest are, for purposes of the Income Tax Act, deemed to be a dividend *in specie*. If either of these provisions apply, the tax treatment of the interest paid under the Notes will differ from what is set out above and such payments may be subject to dividends tax as a result of the deemed classification as dividends *in specie*. These provisions apply from 1 April 2014 in respect of amounts incurred on or after this date.

Purchasers of Notes are advised to consult their own professional advisors to ascertain whether the abovementioned provisions may apply to them.

To the extent that the disposal of the Note gives rise to an "adjusted gain on transfer or redemption of an instrument" or an "adjusted loss on transfer or redemption of an instrument" (as envisaged in section 241 of the Income Tax Act), the normal principles are to be applied in determining whether such adjusted gain or adjusted loss should be subject to income tax in terms of the Income Tax Act.

Capital Gains Tax

Capital gains and losses of residents of South Africa on the disposal of Notes are subject to capital gains tax. Any discount or premium on acquisition which has already been treated as interest for income tax purposes, under section 24J of the Income Tax Act will not be taken into account when determining any capital gain or loss. Under section 24J(4A) of the Income Tax Act a loss on disposal will, to the extent that it has previously been included in taxable income (as interest), be allowed as a deduction from the taxable income of the holder when it is incurred and accordingly will not give rise to a capital loss.

Capital gains tax under the Eighth Schedule to the Income Tax Act will not be levied in relation to Notes disposed of by a person who is not a resident of South Africa unless the Notes disposed of are attributable to a permanent establishment of that person.

To the extent that the a Noteholder constitutes a "covered person" (as defined in section 24JB of the Income Tax Act) and section 24JB applies to the Notes, the Noteholder will be taxed in accordance with the provisions of section 24JB of the Act and the capital gains tax provisions would not apply.

Purchasers are advised to consult their own professional advisers as to whether a disposal of Notes will result in a liability to capital gains tax.

Definition of Interest

The references to "*interest*" above mean "*interest*" as understood in South African tax law. The statements above do not take any account of any different definitions of "*interest*" or "*principal*" which may prevail under any other law or which may be created by the Terms and Conditions of the Notes or any related documentation.

SUBSCRIPTION AND SALE

Capitalised terms used in this section headed “Subscription and Sale” shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or clearly inappropriate from the context.

Selling restrictions

South Africa

Each Dealer has (or will have) represented, warranted and agreed that it (i) will not offer Notes for subscription, (ii) will not solicit any offers for subscription for or sale of the Notes, and (iii) will itself not sell or offer the Notes in South Africa in contravention of the Companies Act, Banks Act, Exchange Control Regulations and/or any other Applicable Laws and regulations of South Africa in force from time to time.

Prior to the issue of any Tranche of Notes under the Programme, each Dealer who has (or will have) agreed to place that Tranche of Notes will be required to represent and agree that it will not make an “offer to the public” (as such expression is defined in the Companies Act, and which expression includes any section of the public) of Notes (whether for subscription, purchase or sale) in South Africa. This Programme Memorandum does not, nor is it intended to, constitute a prospectus prepared and registered under the Companies Act.

Offers not deemed to be offers to the public

Offers for subscription for, or sale of, Notes are not deemed to be an offer to the public if:

- (a) to certain investors contemplated in section 96(1)(a) of the Companies Act; or
- (b) the total contemplated acquisition cost of Notes, for any single addressee acting as principal, is equal to or greater than ZAR1 000 000, or such higher amount as may be promulgated by notice in the Government Gazette of South Africa pursuant to section 96(2)(a) of the Companies Act.

Information made available in this Programme Memorandum should not be considered as “advice” as defined in the Financial Advisory and Intermediary Services Act, 2002.

The issue of a particular Tranche of Notes may, depending on the type of Notes in that Tranche, require the prior written approval of the Exchange Control Authorities in terms of the Exchange Control Regulations (see the section of this Programme Memorandum headed “*South African Exchange Control*”).

United States of America

Regulation S Category 2 TEFRA D, unless TEFRA C is specified as applicable in the relevant Pricing Supplement.

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Each Dealer has agreed that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche, as certified to the Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Issuer shall notify each such Dealer when all such Dealers have so certified) within the United States or to, or for the account or benefit of, U.S. persons, and such Dealer and its affiliates will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**), each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by the Prospectus as completed by the Applicable Pricing Supplement in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) *Approved prospectus*: if the Applicable Pricing Supplement in relation to the Notes specifies that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a **Non-exempt Offer**), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus which has subsequently been completed by the Applicable Pricing Supplement contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Applicable Pricing Supplement, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) *Qualified investors*: at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) *Fewer than 100 offerees*: at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

- (d) *Other exempt offers*: at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive;

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “*offer of Notes to the public*” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression **Prospectus Directive** means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression **2010 PD Amending Directive** means Directive 2010/73/EU.

- (b) **Financial promotion**: it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (c) **General compliance**: it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

General

Prior to the issue of any Tranche of Notes under the Programme, each Dealer who has (or will have) agreed to place that Tranche of Notes will be required to agree that:

- (a) it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in each jurisdiction in which it purchases, subscribes or procures the subscription for, offers or sells Notes in that Tranche or has in its possession or distributes the Programme Memorandum and will obtain any consent, approval or permission required by it for the purchase, subscription, offer or sale by it of any Notes in that Tranche under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, subscription, offers or sales;
- (b) it will comply with such other or additional restrictions as the Issuer and such Dealer agree and as are set out in the Applicable Pricing Supplement relating to the relevant Tranche of Notes.

Neither the Issuer nor any of the Dealers represent that Notes may at any time lawfully be subscribed for or sold in compliance with any applicable registration or other requirements in any jurisdiction or pursuant to any exemption available thereunder or assumes any responsibility for facilitating such subscription or sale.
